

DROP-OFF RECYCLING

CITY HALL PARKING LOT
Saturday, May 20, 2017
9:00 am – 12:00 pm

In addition to 'Clean the Ferndale Up!', we will also be providing local residents and businesses a special one-day convenience recycling station to clear-out all those items you've been wanting to remove and recycle.

Simply gather up all those unwanted computers, components, monitors, DVD/CD players, hard-covered books, magazines, DVD's, CD's & VHS tapes, plastic bags and other items.

Paper shredding will be available (no more than 2 banker-boxes, per resident). SOCRRA will also have a Recycling Education Booth on location.

Hazardous materials will not be permissible. Please drop-off all hazardous items at the SOCRRA Recycling Center, located at 995 Coolidge Hwy.

By keeping recyclable items out of the landfill, we're ALL doing the right thing.

A Partnership Project of
Ferndale Department of Public Works (DPW) and
Southeastern Oakland County Resource Recovery Authority (SOCRRA)
