

How would you . . .  
like to get rid of the "bags"?  
help the homeless?  
Save the environment?

### Materials to bring

- Plastic bags (approx. 50)
- Sharp scissors

500-700 plastic bags are needed  
to crotchet (1) mat.

**Nope, that's not a square dance call!**

The purpose for our Lenten project is to make sleeping mats for people who are less fortunate. These crochet mats are comfortable and offer just enough to create a barrier between the ground and the body, to help retain body heat while sleeping. It's no problem if the mats get wet as they can easily be dried. Not only are they free to make, each mat will keep 500-700 plastic bags out of the landfill.

We'll show you how the entire family can make this a **FAMILY PROJECT!**
