

Join the Green Team

The Club that keeps giving!

What is the Green Team?

The Green Team is a Recycle Club open to students in all grades

What does the Green Team do?

Once a week, the Green Team members meet with Mrs. Sandstrom for 15 minutes at the end of lunch to gather and sort all the recyclables found in the Recycle Bins/Boxes on campus.

What does the Green Team do with the Recyclables?

A group of volunteer parents then take the bags of sorted recyclables to a Recycling Center found in many Grocery Store parking lots or dedicated Recycle Centers around town to turn in the cans and bottles for money. The money is brought to school and kept in a 'Green Team Account.' At the end of the school year, the money collected will be mailed to a local children's hospital to be used to help children who are unable to attend school because they are sick and in the hospital.

How can I get involved with the Green Team?

We are all part of the Green Team just by being a student at our school. However, there are three main ways you can be involved with the Club: 1) Make sure you and your friends are recycling your cans and all plastic bottles--water, juice, sports drink, and chocolate milk, by placing the empty containers in the Recycle Bins/Boxes at school. 2) You can also bring these same items from home. Just bring the empty bottles or drink cans to school and show your teacher. Some teachers give Service Hours for the bags from home. Check with your teacher. 3) You can also save all your cans and bottles at home and take them to a center yourself, then just bring in the money and receipt and turn it in to the Green Team.

Remember, whichever way you Green Team, know that you are God has made for us, and you're also be as fortunate as you!
