

COLORS

Natural color pigments are added to the finish coat prior to application. As with all naturally occurring materials, some variations in color and intensity can be expected. The actual color will be verified with the homeowner on the jobsite prior to application. Final color generally takes 6 months to fully come out, depending on weather and substrate conditions.

					
light 1/2%	Desert Buff #52A	dark 1%	light 1/4%	Deep Grey #614	dark 1%
					
light 1/4%	Dark Orange Buff #48	dark 1%	light 1/4%	Tan Mist #3010	dark 1%
