

# CT850 TREADMILL

Optional Extended Handrails

Optional TV Bracket (TV not included)

Designed to withstand the rigors of a commercial fitness environment, the CT850 features a heavy-duty steel frame, a durable powder coat finish and large steel console masts for ultimate stability and durability. The cool running, brushless 4.0 horse power AC drive motor adds to the reliability of the treadmill while providing the torque and smooth continuous power required by the unique needs of its users.

## CT850 TREADMILL

- Spacious 22" x 60" workout area to accommodate tall individuals
- Bright, tri-color LED display is easy to use and consistent with other Spirit Fitness C-Series products
- Ten-digit key pad for easy program set-up and quick speed and incline adjustments during use
- Contact and telemetric heart rate options to help keep clients in their effective training zone
- Multi-ply Habasit® commercial belt for superior belt life
- Maintenance free, hard wax deck system provides hassle free use for thousands of miles
- Large aluminum side rails for stable support, easy cleaning and an elegant design
- C-safe power and communication capabilities for A/V control

Fan to keep you cool

Large, red LED matrix

Heart rate percentage profile

Tablet friendly reading rack holder

Convenient water bottle holder and cargo compartment for keys, phone, or MP3 player

Ergonomically correct contact heart rate grips

## CT850 CONSOLE FEATURES

The CT850 features an electronics package that is easy to read and easy to use. The large 10 x 24 dot matrix display, 6 individual feedback windows, and convenient heart rate bar provide constant feedback. Ten motivating preset programs have their own individual keys for quick and easy setup including fitness tests, heart rate programs and a custom program. The fitness test programs include a Gerkin Protocol Fitness Test and four military readiness programs (Army, Navy, Air Force, Marines). User comfort was considered with the addition of the turbo cooling fan, five convenient accessory trays and ergonomically positioned heart rate grips.
