...You name it, we have made it or can make it.

Items on this list are priced out by the item or by the pan—that way you have control of how much you want of each item to make it fit into your budget.

We work to make your event your own—not a carbon copy of the event prior to yours! So just ask, we will help you design a menu that includes all of your guests favorites or to fit a theme, and around your budget!
