

## ARTICLE EIGHT

### NONCONFORMING DEVELOPMENT

#### 8-1 Purpose

Article Eight shall be known as the Nonconforming Development Regulations. The purposes of these regulations are:

- a. To allow for reasonable use of legally created lots of record, which do not meet current minimum requirements for their respective zoning districts.
- b. To provide for reasonable use of legally constructed structures, which do not meet current site development regulations for their respective zoning districts.
- c. To allow for the reasonable continuation of legally established uses, which do not meet current use regulations for their respective zoning districts.
- d. To limit the continuation and provide for the gradual replacement of nonconforming uses.

#### 8-2 Regulations Additive

Regulations for nonconforming uses are in addition to regulations for nonconforming structures. In the event of a conflict, the most restrictive regulation shall apply.

#### 8-3 Nonconforming Lots

##### a. Pre-Existing Lots of Record

Nonconforming lots of record existing at the time of the adoption of this chapter shall be exempt, unless otherwise provided, from the minimum lot area and lot width requirements of each zoning district. Such lots may be developed with any use allowed by the regulations for the district and must comply with all other site development regulations set forth by the Zoning Ordinance.

##### b. Reductions Due to Public Acquisition

If a portion of a legally existing lot in any district is acquired for public use, the remainder of this lot shall be considered a conforming lot.

#### 8-4 Nonconforming Structures

These regulations apply to buildings and structures, which were legally constructed under regulations in effect before the effective date of this Ordinance.

##### a. Continuation

A lawful nonconforming structure existing on the effective date of this Title may be continued, repaired, maintained, or altered, subject to the provisions of this Article.

b. Additions or Enlargements to Nonconforming Structures

1. A lawful nonconforming structure may be added to or enlarged if the addition satisfies one or more of the following conditions:
  - (a) The enlargement or addition, when considered independently of the existing building, complies with all applicable setback, height, off-street parking, and landscaping requirements.
  - (b) The nonconforming building and impervious surface coverage on the site are not increased and the building, after the addition, conforms to height and off-street parking regulations applicable to its zoning district.
  - (c) The addition projects no further into a required side yard setback than the existing building, the length of the side wall of the addition is the smaller of 25 feet or 50 percent of the length of the existing nonconforming side wall, and the enlarged building complies with building and impervious coverage, front and rear yard setbacks, and height regulations applicable to its zoning district.
2. No permitted addition to a nonconforming structure may place a wall within six feet of a window of an adjacent pre-existing residential structure.
3. Nonconforming buildings shall be limited to one addition or enlargement pursuant to these regulations.

c. Moving of Nonconforming Structures

A lawful nonconforming building or structure shall not be moved in whole or in part to another location on its lot unless every part of the structure conforms to all site development regulations applicable to its zoning district.

d. Repair of Nonconforming Structures

A lawful nonconforming building damaged by fire, explosion, storm or other calamity, except flood damages, may be repaired and reconstructed provided there is no increase in the degree of nonconformity. Repair and reconstruction within the designated floodplain shall be in conformance with Floodplain development regulations.

e. Conversion of a Conforming Building

A conforming building shall not be changed in any way that will result in a nonconforming development.

#### f. Applicability of Landscaping and Screening Regulations

A pre-existing structure, building, or development shall be exempt from Article Nine, Landscaping and Screening Regulations. However, any expansion of such structure, building, or development or any adjacent new development onto property that is or becomes vacant on or after the effective date of this Ordinance shall be subject to Article Nine.

### **8-5 Nonconforming Uses**

#### a. Continuation of Nonconforming Uses

Any nonconforming use lawfully existing on the effective date of this Ordinance may continue, subject to the limitations of this Section.

#### b. Enlargement of Nonconforming Uses

A building or structure housing a lawful nonconforming use may not be added to or enlarged.

#### c. Abandonment of Nonconforming Use

If any structure or property used as a lawful nonconforming use becomes vacant or unused for a continuous period of six months, any subsequent use must conform to all use regulations applicable to the zoning district.

#### d. Change of Use

1. A lawful nonconforming use may be changed only to a use type permitted in a zoning district that is equal or less intensive than that normally required for the previous use.

#### e. Allowance for Repairs

Repairs and maintenance of a structure occupied by a nonconforming use may be made, provided that no structural alterations are made other than those required by law.

#### f. Damage or Destruction of Structures

Should a structure occupied by a lawful nonconforming use be damaged to the extent that the cost of restoration exceeds 50 percent of the replacement cost of the structure, the nonconforming use shall no longer be permitted.

#### g. Nonconforming Uses and Conditional and Special Use Permits

A lawful pre-existing use, which would require a Special Use Permit in its zoning district, shall be presumed to have the appropriate Permit and shall be considered a conforming use. The use shall be subject to the regulations governing lapses or revocation of Permits, set forth in Article Twelve.

h. Historic Preservation

The limitations in these regulations do not apply to alterations or maintenance required by existing health, sanitary, building, safety codes; nor to the historical preservation activities undertaken upon structures designated by the City Council as local historical landmarks, or which are certified rehabilitations of structures listed on the National Register of Historic Places.
