

Treasured Moments

Every moment in your baby's life matters.

You and your family have received information that changes everything you anticipated with your pregnancy. A specialized team of maternity, neonatal, child life specialist and hospice healthcare providers are available to work with you and your physician to make every moment of your baby's life a Treasured Moment. Members of this healthcare team will accompany you and your family on this journey as you prepare for your baby's birth.

The first steps will be hard, but you will find a caring supportive member of the healthcare team available to assist you and your family through this difficult experience.

For more information call La Mariposa Hospice 577-7870 and ask about the Treasured Moments Program.
