New Competitive Team:

We're excited to be offering a new competitive team this year. This team is geared towards the dancers who are already on all or most of our Performance Teams we offer and still want more. When selecting team members, our teachers look for very good technique and ability as well as dedication and commitment. This team is not for those who are participating in sports or other activities. These dancers will have greater expectations, more competitions and weekend practices. We are excited to now be offering this next step for our dancers. If you are interested in being a part of this team in the future, please communicate this with your teachers and we will help you work towards that goal!
