Judging Points

Live Show Ewe & Lamb

Ewes will be properly washed and sheared for this competition, based on major show guidelines for their breed. Ewes will be judged from a commercial production standpoint. Lambs will be properly washed and sheared for this competition (if weaned from the ewe). Lambs will be judged from a commercial production standpoint. Cull faults will still be penalized as will breeding soundness issues. Animals will be shown unaltered (loose).

Record Book

The record book will encompass data on the ewe and lamb. Weight gains of the lamb will be recorded by the youth in their record book, along with monetary output of care for both the ewe and the lamb. A panel of 3 people will judge the record books on neatness, ease of reading, knowledge of project in relation to a commercial setting and effort by the youth member in maintaining accurate flock records. The two judge's scores will be combined for the final record book score. Record books will be judged, and scores calculated before the start of the show. They will be displayed during the sheep production show.

Interview

A live interview, by a panel of 3 individuals, will be conducted on 1/22/2021 between 4-6pm. Interviews will be no longer than 4 minutes each. Topics and potential questions will relate to sheep husbandry, agriculture, their own animals and record books. The three scores will be combined for the final interview score.

Point schedule

1st-7 points. 2nd-6 points. 3rd-5 points. 4th-4 points. 5th-3 points. 6th-2 points. All others-1 point.
