Procedure in the Event of a Tie for Local Play. In the event of a tie, whether in round robin or single elimination, the state recommends that the tie shall be broken by the first of the following procedures that does so (same as Championship Procedure)

- (1) Individual Matches. Winner of the most individual matches in the entire competition.
- (2) Head-to-head. Winner of head-to-head match.

- (4) Games. Loser of the fewest number of games.
- (5) A method to be determined by the Local League Coordinator. Procedure to be announced prior to the commencement of local league play.

The Local League may make a rule regarding the procedures in the event of a tie for local league play **but local league playoffs will defer to the above mentioned procedure used in championships**. If no rule is recorded for local league play, it will defer to the championship procedures in the event of a tie (see above)

COMPETITION FORMAT

Team Match and Scoring

- a. Local Leagues must make a rule regarding the maximum number of defaults allowed teams during the Local League Season.
- b. Local Leagues may set their policy for players' presence on court to receive a default.
- c. If a team defaults an entire team match (2 or more individual matches) for any reason during round robin play, then all matches of the defaulting team already played, or to be played, shall be null and void when determining standings. If all teams with a mathematical chance to advance have played the defaulting team in good faith, those matches shall stand as played when determining standings.. In either case, defaulted matches received will be used for qualifying purposes for players advancing to Championship play. Teams that default an entire match during local play are expected to play the remainder of their schedule. A grievance will be filed against a team that is assessed a team default.
- d. If there is a full team default in a double or triple round robin, only the RR tier/segments that have the full team default will be impacted. Each of the Round Robin segments will be treated as whole and separate within the local league flight. If the first RR was finished and the full team default occurred during the 2nd RR then all matches for the first RR would stand. Also remember that if all teams in contention had played the defaulting team, those matches would stay in the system.
- e. Retirements will be used to qualify all players involved in the retired match for Championship play.

Team Lineups

An individual match is started when the first ball is put in play. After the start of an individual match, if injury to, illness of, or disqualification of a player occurs, the opponents will be awarded a default for that individual match only. The default principles shall be applicable, with the Sectional modifications that:

- a. In the event of illness, injury, disqualification, or no-show of a player prior to the start of an individual match (once the lineup has been exchanged), a team may substitute a player in the affected position within the 15-minute default time, using a player not already listed on the lineup. If no such substitution can be made, the affected position will be forfeited in local leagues.
- b. In the event that a team match must be re-scheduled and starting times are staggered, where opponents are not available and ready to play, forfeits will be awarded in the affected position only.

c. Local Leagues may make a rule regarding rescheduling of matches due to inclement weather.

PROGRESSION

State Championships.

- (1) In the Combo Doubles Divisions, a player is eligible to progress to the State Championship if that player has played on the same team in at least one match at the same NTRP level in the same Age Group during its local league season and is otherwise eligible.
- (2) All NTRP levels in the 18 & Over, 40 & Over, 55 & Over and 65 & Over Age Groups must play a local league in order to advance to District Championships except as noted in (4) below.
- (3) The the winner of each specific NTRP level in each Age Group in local league competition shall be entitled to advance to the State Championship. If the winning team is unable to attend, an alternate team, preferably the 2nd place team, can be asked to advance. Should the second place team not be available to attend, then a 3rd place team from the Local League affected will be invited to advance. If the 3rd place team from the affected Local League is unable to attend, then the wild card procedure will be utilized to complete the draw.
- (4) The State League Coordinator will determine the number of teams at the Combo 18 & Over 2.5 straight, 5.5, 9.5 and 10.5 levels and 40 & Over 5.5 level and 55 & Over 8.5 level that qualify to advance to the Combo State Championship to play their local league once the team rosters for these levels have been submitted. Legal team rosters for these levels must be submitted by the initial league deadline date for the area in which the team is registering.

The deadline for adding players to a roster for teams advancing directly to state is September 21, 2018.

- (5) One default received counts as a qualifying match for State League Championship.
- (6) For all players involved, a retirement counts as a qualifying match for Combo Doubles League State Championship.
- (7a) **Championship Draw:** The Championship Draw is a random draw done by the championship referee once local league competition is completed and rosters for State Championship entry are received. If possible, teams from the same local league will be put in separate flights. The number of flights at a given level will depend on the number of teams eligible. The championship referee will determine, before league competition is completed, if wildcards are needed to balance out the flights. The wildcards will be chosen by a weighted random draw, (i.e. one entry per local league team in that local league division). A flight typically will have four teams. Local Leagues receiving a wildcard for the championships will be eligible for a wildcard at the same level/flights the following year. Flights must have a minimum of four (4) teams to be eligible for a wildcard.
- (b) **Semifinal Wildcard for draws with 3 flights at the Championship:** When a draw has three flights, a wildcard will be drawn at random (from the numbers 1, 2, 3) by the referee on the final day of round-robin play to determine which flight's second place team will play in the semifinals. The wildcard team will play a team from another flight.

- (8) Entry fee for State Combo League Championships will be \$20.00 each time a player's name appears on a championship roster.
- (9) Once championship play has begun, any team defaulting a court for any reason at the State Championships will incur a \$100 fine per scheduled court payable immediately (cash or check) for each court defaulted. That team will not be allowed to play their match until that fine is paid. If a team refuses to pay the fine, a grievance will be filed against all players on the state roster, which could result in the suspension of play from any USTA League play until the fine is paid. It is your team's responsibility to have players on every court at each match at a state championship.
- (10) **Deposit Fee:** *A \$250.00 Deposit from each team advancing to the championships is required and any team withdrawing from a championship after the deadline for online registration will be subject to a fine of \$250 per team, payable to USTA SC. **The deposit is to be sent to the Local League Coordinator.*** Once championship play has begun, the Local League Coordinator will destroy the check. A grievance may be filed against the withdrawing team in addition to the \$250 fine. Penalties against these team members may include that all members on the submitted roster be banned from participating in any USTA leagues for a period of up to 364 days.
- (11) Teams that withdraw from the championship after the online registration deadline date and before the draws are published will lose their \$250 deposit but may request a refund for registration fees. Teams that withdraw from the championship after the draws have been published will lose their \$250 deposit and their registration fees.
- (12) If a team has a known default, (not enough players to field a complete team) the opposing team will have the opportunity to adjust their scorecard by moving the third place position to the second place position. The default will not be given until both scorecards have been received by the Site Director and after consulting with the captain receiving the default. Scorecards will be adjusted by the Site Director.
- (13) A team default occurs when a team defaults 2 or more individual matches in a 3-court team match. If a team commits a team default for any reason during round robin play at the championship, then all matches of the defaulting team played, or to be played, shall be null and void when determining standings but will be used for advancement purposes. If all teams in contention for the championship have already played the defaulting team in good faith, those matches stand as played. The defaulting team is **ineligible to continue to play the remainder of their matches. The defaulting team will be responsible for the \$100 per line default penalty for all matches not played.**
- (14) **Procedure in the Event of a Tie. At Championships:** In the event of a tie, whether in round robin or single elimination competition, the tie shall be broken by the first of the following procedures that does so:
- (1) **Individual Matches. Winner of the most individual matches.**
 - (2) **Head-to-head. Winner of head-to-head match.**
 - (3) **Sets. Loser of the fewest number of sets.**
 - (4) **Games. Loser of the fewest number of games.**
- (15) Scheduling at Combo Doubles League State Championships will not be able to accommodate players who compete on more than one team so players and/or teams should plan accordingly. **All scheduled matches are expected to be played.**

- (16) The Combo Doubles League State Championships will be a round robin format.
