

# CONNECTIONS - BASED LEARNING

CONNECT | COLLABORATE | CULTIVATE

## CBL Collaboration Plan

Group Members:

Please answer these questions

- 1) What skills and strengths do each of the group members have to help you accomplish this project?

- 2) How are you going to divide up the workload? What roles and responsibilities are assigned for each person?

- 3) What rules do you want to have regarding your collaboration? (e.g. equal workload, deadlines met etc.)

- 4) What will you do if these rules are not being followed?

5) What are some tools that you could use to communicate with each other and collaborate well?

6) What information is needed to accomplish the task? With whom can you connect to get the best help?

7) What will the final outcome or product look like? What goals do you have for the quality of the final outcome?

8) If you were to break down the task into manageable pieces, what would the timeline look like? (Be sure to attach names to jobs)
