COVERAGE PLAN

PERSONAL REACHING

It all begins with reaching out to your family, friends, neighbors, acquaintances, and strangers. Sharing your story and the story of Jesus.

INFECTING OTHERS

This habit of reaching and sharing is caught more than taught. Leading others to do likewise is part of disciple making disciple.

GROUPS / CLASSES

Each class or group needs leaders to set examples and help learners to discover a good path to sharing the gospel

INVOLVE THE WHOLE BODY

To infect the entire church, the act of befriending and sharing needs to begin with the lead pastor and be taught out to everyone in the church.

A NEW DNA

This can become a new habit or regular process (DNA) of making disciples who make disciples (Matt. 28:18-20)
"It's what we do!"

3

Family, Friends, Neighbors,
Acquaintances, and Strangers.
Your Network.

Share Your Story

- My life before Christ
- How I realized I needed Jesus
- How I met Jesus
- My life since Jesus came in.

Building Relationships

It's about becoming friends and building a relationship with a person. If they say no to church, or group, or Christ, you can still be friends.

Love like Jesus Loved

This is opportunity to love people consistently. To show love always, as long as it takes for them to trust the Savior and become part of God's family.

5

INFECTING OTHERS

Make it a Habit

- Pray for opportunity
- Be intentional about some calls and visits
- Speak up as you can

Testimony

- Share it often
- People like to hear something you're excited about.
- Make it to the point

Take Others with You

When possible, ask someone to join you for a meeting. Let your family and other hear you sharing and asking a person to trust in Jesus.

Debrief Afterwards

In the car or sometime after the encounter, talk with the learner who was with you during the conversation. Explain your thinking and hopes to them. Pray together for that individual.

Ministry and Social Events

Be sure to invite your friends and guests to the opportunities of ministry and fellowship where they can meet other friends.

Class Care and Concern

- As you get to know people - love them
- Be concerned about their life concerns
- Pray for them - ask God to draw and reveal
- Continue to share the Lord with them

INVOLVE THE WHOLE BODY

Outreach is for Every Member

- Every person at church is involved

An Unending Network of Friends

A NEW DNA

Reaching Becomes the New Normal

As members begin to continually reach and bring in new people, they get saved and become part of the new network of reaching.

An Unending Network of Friends

Each member has many friends who may not know Jesus or have a church of their own. This provides great opportunity to know and reach new potentials.

Stories Told Everywhere

The stories of people finding grace and becoming believers will ignite a fire in the congregation. This will fuel the continued reaching and sharing in the future.

Growth Means a New Set of Problems

- New groups are needed quickly
- New leaders to help the groups along
- The spillage is messy but joyous
- Harder to keep up with new people
- Good discipleship process is needed
