

Between the first and second games on Monday, April 24, we will dedicate the 2017 SWSL season to the memory of Suzie Bemis. We are privileged to call her a friend, a co-worker, a team member and a special person the world do not forget.

Suzie was a dedicated member of the Silver Gloves, serving as co-executive officer. She was #37 with the High Desert Diamonds, a strong, competitive team from Albuquerque and known elsewhere in the country after many wins against other senior women's teams. Suzie was enthusiastic about starting the SWSL and served as a reference person as the league developed.

Suzie was a natural athlete, excelling in many sports including pickle-ball, surfing, bike racing to name a few.

We lost Suzie last October after her rigorous battle with ovarian cancer. Suzie had a sweet soul, she was one-of-a-kind and touched us in many ways. Her saying stays with us, "Never Give Up".
