

## *Pet Grooming Plus, Inc.*

If you're like most pet lovers, you hate leaving your pet in unfamiliar surroundings when you travel. You can arrange for friends and neighbors to take care of your pet at home, but often, they're too busy, and you don't like to impose.

Our service provides your dog, cat, and/or other pets the care they need while you're away - right in your own home.

Our staff truly loves animals. With us, you are assured reliable and responsible service.

Your pets will:

- stay in a secure, familiar environment.
- follow their customary routine and diet.
- avoid exposure to illness from other animals.
- receive loving individual attention.

You can leave home with peace of mind knowing that you've left your home and pet in our good hands.

### **How Our Service Works**

When you call our company, a staff member arranges a visit to your home shortly before you leave. This is so we can meet you and your pets, get detailed information about caring for them and pick up a key to your home or apartment.

During this visit, you decide how often you want your sitter to visit each day you're away and what services you want performed. Fees are based on the number and type of pets and the number of visits per day.

While you're away, we will:

- feed and water your pets.
- exercise them.
- give medicine, vitamins, and other special care.
- get medical treatment in case of illness.

And while taking care of your pets, we are happy to water your plants and make your home look "lived-in" by bringing in mail and newspapers and adjusting draperies and lights.

After you return, your sitter will return your key, pick up payment, and make sure you and your pet are satisfied.

Even if you are not leaving home, there may be instance where we can be of service. Unusual working hours or lengthy illnesses may make it difficult to properly care for your pet. Please call to discuss how we may help.

Call **256-828-1010** today to schedule a free meet and greet consultation.

# **ADVANTAGES**

## **Why use a Professional pet sitter?**

- **No Travel Trauma.** Your pet won't be upset and you won't be inconvenienced by the need for transportation to a kennel or boarding facility.
- **No Interruptions.** Your pet will stay right at home and enjoy its familiar surroundings, exercise routines, toys, mealtimes and much more.
- **Extra Services.** Enjoy crime-deterrent measures, watering plants, bringing in the mail, taking out garbage and much, much more.

**No Stress for you and your furry family members!**
