

60 SECOND UPDATE February 5, 2020

TOWNHALL

Thank you to all that were able to participate on today's townhall. If you were not able to participate, but would like to view the recording, it will be available on our website early next week by following this link: <http://www.lenawee.mi.us/943/COVID-19---Virtual-Town-Halls>

REGISTERING TO GET A VACCINE:

We are updating our system for registering to get a COVID-19 vaccine. Previously when registering you were required to enter a large amount of information, beginning in the near future you will only be providing your name and basic contact information. This will allow us to communicate with you more easily through e-mail, and possibly text messaging. You will be notified through e-mail or text that a clinic is opening up and you can go to our website to schedule your appointment. If you fall into the priority group being vaccinated, you will answer a few questions, schedule your appointment, and print off the registration form to take with you to your appointment.

If you have already registered, there is nothing more for you to do. Over the next few weeks, as vaccine becomes available, we will be reaching out through e-mail to advise you of upcoming clinics. We will be focusing on this group of individuals before moving on to those that are registering with the new process.

We will continue to keep you posted on clinics as vaccine becomes available.

For more information about the vaccine, please visit our website at <https://www.lenawee.mi.us/983/COVID-19---Vaccine> .
