The doors without mirrors are normally used in Studio Suite rooms.

Custom sizes are available too!

We recently upgraded our door. We are now using a wood glass bead molding around the mirror opening which really enhances the look. We have also graded our lower track to conceal it and hold an insert!

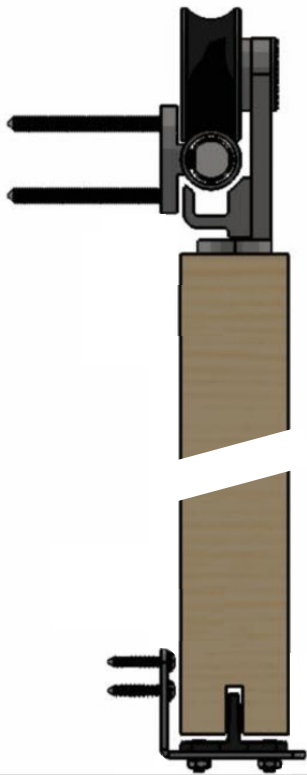

The door comes pre-finished in a beautiful and durable polyurethane white finish.

We know we have the best door which is also at a great price!

Our soft close hardware is superior to others. If installed and set up correctly, it will provide years of great service. A properly instructed installer makes all the difference between a good and bad install! We can instruct your installers the right way to install. We can teach them the little tricks that make the door hang and operate smoothly.

We have great Hampton Inn Barn Doors and Hardware but we also make Hampton Inn V2 Furniture, Vanities and Quartz Tops.
