

? Apart from Facebook and YouTube, where can we see you play live

- ✓ As we are so busy with private functions, we only get to play 2 or 3 public shows a year. Check the “Enquiries” page on our website for the next public show

? How do we secure a booking date?

- ✓ Once your deposit is received your date is confirmed and secured

? How do we pay?

- ✓ Bank Transfer is the preferred method.

? How long do you play for?

- ✓ We usually play 2 sets. 1x 45mins and 1x 1hr. Alternatively we can do 1 long set. We will work with you and for whatever best suits your event.

? When do you set up your equipment?

- ✓ Standard arrival time is 5pm, any earlier is by agreement and may incur an extra cost. **We need at least 1hr 30min to set up and sound check.**

? What the does “plug in your iPod” option mean?

- ✓ If you have an iPod or something similar, we can plug this into our PA system so you can blast out your choice of tunes for your guests to dance to when we are not playing. This can include your first dance. Then you don’t need to hire a DJ as well.

? Do you do requests?

- ✓ Our set list is proven to fill a dance floor. If there’s a special song you would like, let us know asap and we MAY be able to play it.

? Can you perform our first dance?

- ✓ If your song suits our style then it is a POSSIBILITY. We will only perform a song we are 100% happy with. We would need to get this absolutely right for you. This can mean lots of rehearsal time which we may not have space for.

? Is there any movement on the price?

- ✓ We charge the same rate for every event, that way it’s fair on anyone who books us. The only variable is travel distance and set up time.
