Board of Directors Meeting Notes July, 2017

Bill Charles, President
Cindy Christian, Vice President
Doug Smith, Treasurer
Judy Keeling, Member at large
Jerrie Valentine, Secretary

The Meeting began at 6:10 p.m. With the Pledge of Allegiance. We had a record of 62 members in attendance. Bill Charles introduced the Board members to the Audience who have not attended the meetings before. Minutes from June's meeting were approved as well as the financial report.

Jim stated the report is posted on the bulletin board. For review but, please read and re post so our other members can have the opportunity to review.

Paul Trala billed \$2,364.19 for the month of June for added work. Putting up no parking signs, material purchase to create said signs. Repairing sprinkler damage from lawn mowers and cars.

The concrete repairs are almost complete and the broken concrete will be cleaned up at the end of the repair. Damage from the storm will begin in August for the roofs, as the Roofers have had more than they can handle. While we are trying to keep the budget on target, such things as the wood repairs on the wood units continue to escalate at an alarming rate. Example: in 2014 the cost of wood, repairs and painting was \$90,000.00 and last year 2016 it had jumped to \$114,000.00 for the same type of repair.

That very issue along with the difficulty of getting GOOD Carpenters to do the work is what has prompted the board to once again look into siding of all units. We do not want to increase our monthly dues, but are looking at a special assessment to begin the 5 year process of a turn over to a much better Siding material product for our community. As I have mentioned before we are still a long way off and will keep you apprised as we move closer to the project.

Also since we had such a great turn out, the board has agreed to set up evening Board meeting once every Quarter. The meeting was opened up to the members.

Debra Staebler, reported to the community the mess and left over destruction of the club house parking lot, top of the club house (WOODEN), pool and driveway of discarded and spent firecrackers and bottle rockets. This was done over the Fourth of July weekend. We know this had to have been done by the residents/or their visitors because they needed a key to get in the swim areas and clubhouse as a reminder you cannot just give a key to a Son/Daughter/ Grandchild and send them off. The member must come to the pool with them and everyone MUST Sign in and OUT (this is a state regulation) . Please be cognoscente of how your behavior could possibly spoil our summer fun for all of us! Also Debra, stated what damage to the filters by people still OILING UP or lotion and not obeying these rules SHOWER BEFORE, No OIL OR SUN LOTION ON MEMBERS WHO GO INTO THE POOL!

Also discussed by some of our members, the parking issues that are on Arlington circle some have been squeezed in to fit some of the problem. You cannot park in someone else's assigned space unless they agree to it.

While we are still in the process of rewriting the rules and regulations we are going to add NO FIRECRACKERS permitted.

Other issues brought up by members, unhappy about water run off adding water to their patio, speed limits, sprinklers not aimed in the right direction.

Respectfully submitted,
Wm. Charles, President
Jerrie Valentine, Secretary

Pool News & Important Facts Residents Need to Know

Guests must be accompanied by a resident member at the pool, no matter the guests age.

It is very important that no one swims in the pool after it closes at night. Chemicals are added at night, every night, and no one should be in the pool until it is opened by the managers. Share this with your guests.

If you bring young guests during the children's' hours, please be sure to follow the rules. Clean up all toys and noodles that they have played with. No running, no jumping in the pool.

Reminder of a few rules that seem to be forgotten. Hair that is shoulder length must be covered by a bathing cap or tied in a bun or pony tail. A recent service call on the pump found long hairs twisted around the internal parts of the pump.

NO band aids in the pool area, also don't leave them lying around on the deck and tables.

Always sign in. The number of swimmers determines the amount of chemicals added to control bacteria.

Please remember to shower before entering the pool.

There are no street shoes allowed in the pool.

Please remember, if you see someone not following the rules, kindly remind them.

Please be respectful, don't use inappropriate language towards others.

The emergency numbers are posted in the phone box at the pool. The pool managers numbers

Library News

Our new Librarian, Rose Passage, is busy working on our wonderful library. Watch the library shelves for the new section "New Additions". The recent books donated to our library will be here for a period of time. They will then be placed in the stacks alphabetically by last name of the author. Also new is "Book Review" section. Readers may write brief synopsis on a book and place them in this section with the book. Just write your review on a sheet of paper and place it in the front of the book. Place it in the Book Review section. Readers may then borrow it, when done with it replace it to the same section so others may enjoy the review and the book. Add your comments if you like. Please sign your reviews and date them. Thank you.

Beer Fests, Tours, On Tap

By Bill Semion

Here's a trip that at least for those of us who enjoy beer and travel, one or both.

Michigan's craft beer scene has been brewing ever since groups like the Ann Arbor Brewers Guild and other amateur home brewers decided to expand their love of different style beers into a business.

Thus was born Michigan's craft beer brewing business, whose products many of us prefer over the big name brands.

Because of its popularity, beer fests have sprung up across the state. Here's a preview of some of the largest, as well as some well-known brand with restaurants attached that you can sample—yes, if you haven't been to one of these, you can order samplers of small tastes of several types at most breweries—as well as enjoy some good pub fare.

U.P. Fall Beer Festival

Take in the Upper Peninsula's fall color show, which begins in the west and heads east, and you can enjoy it, and along the way, the 8th annual beer event at Mattison Lower Harbor Park in downtown Marquette on Sept. 10.

This event features more than 600 different beer types—bet you didn't know there were that many—from more than 80 Michigan breweries. Tickets that includes 15 sample tokens to hand in for a taste fest T 3-ounces a pop, are \$40 daily, available online at www.mibeer.com/up-fall-festival.

Detroit Fall Beer Fest

Next up and closer is the 8th annual Detroit Fall Beer Festival, Oct. 27-28, at Eastern Market. Beer fests are traditionally held in the fall, and this one features more than 700 beers from 80 more breweries—there are at least 150 in Michigan. Tickets each day are again, start at \$40. Go to ww.mibeer.com/Detroit-fall-festival.

Celebrate Your Own Festival

Map your own brew fest using a map of many Michigan breweries at www.michiganbeerblog.net. Among those you should visit include Bell's of Kalamazoo. Located in downtown Kazoo, Bell's is known across the country for its beers that include Oberon and Two Hearted Ale, the latter named for the eastern Upper Peninsula trout stream. In Ann Arbor, visit the **Arbor Brewing Company** and eatery. It's one of three on the Ann Arbor Brewery tour.

And, in **South Lyon**, Head for **Witch's Hat**, which has been combining water, barley, yeast and hops since 2011.

Want to try your hand at making home-beer? It's easy. And, in South Lyon, stop by Scrooge and Barley on Lafayette. Most of all, get out of those recliners, get on the road and have fun!

Household Hazardous Waste? What's that, and why should you care.

By Denise Semione

To Trash or Not to Trash?

Do you have mothballs, nail polish or aerosol cans in your home? Do you know how to properly dispose of these items, as well as cleaners, herbicides and solvents? If you need to get rid on these and other items, mark your calendar for Saturday, October 7, when these items can be properly disposed at Household Hazardous Waste (HHW) Day.

Household Hazardous Waste? What's that, and why should you care?

If you think it's OK to place anything in your garbage can, please consider this: Household Hazardous Waste (HHW) includes a variety of everyday household items, such as cleaners, paints, herbicides, insecticides, and solvents that are flammable, combustible, corrosive, reactive or toxic and would be harmful to the environment if thrown into a regular landfill.

It's up to us to properly dispose of these and other chemicals in our homes that may be toxic to human health and the environment if tossed in the trash.

The Resource Recover and Recycling Authority of Southwest Oakland County (RRRASOC), provides a variety of recycling services to member communities (including South Lyon), such as recycling drop-off centers and HHW collection events. This year, it is holding four HHW events, and the next one, on Saturday, Oct. 7, will be held from 9 a.m. to 2 p.m. at the Novi Civic Center, 45175 W. Ten Mile Road, Novi.

Here's how to participate: Collect anything in your home that you no longer need that contains chemicals that may be toxic to human health and the environment. This includes aerosol cans, mercury thermometers, bleach, nail polish, drain cleaners, batteries and mothballs. Bag or box your items in your trunk and drive to the HHW Day, October 7. Volunteers will help you follow a route in your car past several stops, each for various types of items. You do not have to get out of your car. The volunteers will take your HHW out of your trunk and place it in the proper area. That's all there is to it!

Computers, printers, cords and other non-working electronic items are also accepted. A mobile shredder will be onsite to shred up to three boxes of paper per resident. For more information, call (248) 208-2270.

I will be writing more about items that should be recycled as well as HHW in future columns. It's my goal to help residents of Colonial Acres be as kind to the environment as we can be.

South Lyon Hotel Update

You read in the June issue that the South Lyon Hotel may be opening in July. Well..... anyone who's built any structure knows that sometimes schedules are meant to be not kept.

According to Cathy Baker, one of the hotel's owners, they're now looking at mid- to late-August for a non-grand opening. Meaning, she said that no big celebration is planned just yet. "Slowly but surely," she said, the new hotel is getting filled in, and while the setting may be different, it'll still be the South Lyon Hotel. Stay tuned.

William Charles Biography

I am Bill Charles and a candidate for reelection to your Board of Directors. I have served the last two years representing the members of Colonial Acres. I served the first year as the Finance Officer, and the last year, as your President.

I am a retired Police Officer from the City of Novi. I had a very successful career in Law Enforcement and still serve the Novi Police Department as an Instructor in their Community Emergency Response Team, CERT program.

In addition to my work as a Police Officer I have served 40 years in the Civil Air Patrol, United States Air Force Auxiliary. I currently hold the rank of Colonel and serve as an advisor to the Michigan Wing Commander. During my 40 years I have served as a Squadron Commander, Wing Commander, Region Commander, National Inspector General, Equal Opportunity Officer and National Comptroller. As a region commander I was responsible for over 1,000 personnel, 50 aircraft, 100 ground vehicles and a million dollar budget spread over six states. I also served 14 years on the National Board and Executive Committee of Civil Air Patrol and also holding the position of Comptroller where I was responsible for a yearly budget of just under \$75 Million and an inventory of over \$100 Million in funds and assets. That gave me the experience of working with a very diverse nationwide board of a large non-profit corporation and also a Federal Auxiliary of the United States Air Force.

As a member of your board I conducted a short historical study of the budget and discovered that for many years the budget was overspent in most years. To cover these expenses, past boards, borrowed money from what is known as the reserve fund. This is a fund that is for emergency. Understand that I am not being critical of these past boards because they faced many repairs to an ageing facility. However, these funds were spent down to very low levels. As a board we made a critical decision to set a budget and live within that budget. I am proud to say that with the help of our Property Manager we have been able to start rebuilding our reserve funds. As your President I ended the practice of taking votes in closed session and moved all votes on issues to sessions open to the general membership. I also started the use of "Roberts Rules of Order" for our meetings. I have also made myself available at all times to members who needed last minute approval for various projects. I have also responded when members have called with emergency situations. In addition I have made myself available to discuss any issue with the members and take their concerns to the board.

I believe that as a board member my job is to not only serve the current needs of our members but to look at the future of Colonial Acres and work to make long term changes for the betterment of all residents. I am further committed to being a good steward of your hard earned money paid to support the community. I am committed to serve and will give my all to the role as your representative.
