inspection notes:

Inspected insured's motorcycle at his residence on 7/10/2015. Left side damage in the form of abrasions, scratches and dents.

Damaged parts include the upper and side cowlings, mirror, handlebar end, lever and perch, engine cover, foot rests and tail cover.

This motorcycle was recently purchased and has accrued 88 miles.

Also enclosed is a copy of the vehicle temp. registration.

Parts prices are set to current MSRP. Labor is local dealership rate. No accessory damage but the safety gear (helmet), which was attached to the vehicle shows impact damage (photos enclosed).

Repairs are per my estimate of \$ 2,010.50 less twice \$1,000 deductible.

NOTE: Since the inspection, the insured had advised as unsure if making a collision claim or handling repairs on his own. Please contact insured for his decision.
