

SABER in Three Easy Lessons

The Value of SABER to the Private Sector

Provide disruption status in your own commonly used format to SABER where it is converted into international standard formats and is available to many authorized recipient applications, saving you time and eliminating all those government requests for status.

How You Use SABER

Any Information You Want to Provide in Any Column Goes to SABER

Decimal Latitude and Longitude – We Can Help!

Open, Closed, Other Status – You Decide.

| 3 | 1018 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.99464 | -117.929 |
|----|------|-------|----|---------|-----------------------|---------|--------|----------|----------|
| 4 | 1349 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.8452 | -117.991 |
| 5 | 1309 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.93465 | -118.118 |
| 6 | 1206 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.82444 | -117.838 |
| 7 | 1278 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |
| 8 | 1309 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |
| 9 | 1378 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |
| 10 | 1388 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |
| 11 | 1518 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |
| 12 | 1568 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |
| 13 | 1598 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |
| 14 | 1608 | Sears | CA | Unknown | Still attempting to r | Unknown | Closed | 33.86439 | -117.895 |

Easily upload your spreadsheet to SABER. Do it at your convenience, anytime and as often as you want.

If you have an automated status output, great, let's talk. But if you use a simple spreadsheet, SABER will build a template for you to easily upload your status to SABER. Anytime, at your convenience, and as often as you want for SABER to distribute your status information.

How Governments View Your Disruption Status through SABER

Red = Closed, Yellow = Impacted, Green = Open Within 50 Miles

Receivers of SABER disruption data visualize it in their own applications, making it easy for them to use and understand.

Your Data Consumers Determine Whether They Use Maps or Lists to Understand Business Disruptions

You always know who are SABER's authorized viewers of your status. They see your locations that are closed or disrupted. Plus SABER shows your locations that are open within the proximity you specify so your customers know where to go.
