DESCRIPTION

L1032 Jon

Economical to own and easy to power Lowe Jons have been serving anglers, hunters and commercial clients since 1972. The all-aluminum 10' Little Jon 1032 is designed to be worked hard and put away wet. Its flat bow and 15" transom provide ample room for you to get out there in comfort and get the job done. Details like formed-in keels and transom corner caps and a durable paint finish demonstrate Lowe Boats' attention to quality.
