

Electronics Recycling

Your guide for safe disposal and recycling for Calumet County residents

Televisions

Computers

Keyboards/Mice

Speakers

Tablets

Monitors

Printers

Scanners

Copiers

Fax Machines

Cell Phones

DVD/VCR Players

Private citizens, businesses and institutions are required by state law to recycle electronics.

Televisions and other electronics contain valuable materials. Plastics, glass, scrap metal and many other materials can be reused.

Televisions contain harmful materials. If land filled or incinerated, these chemicals can be released into groundwater, surface water, or the air where they pose a risk to human and environmental health.
