

MARINE TERRACE RESORT CORONAVIRUS (COVID-19) PREPAREDNESS

As we monitor the impact of coronavirus (COVID-19), we want you to know that the health and safety of our resort visitors is our top priority. We greatly appreciate the trust you place in us for your vacation, and we want to inform you of the steps we are taking to maintain our high standards of safety and cleanliness.

We are closely monitoring the situation with the [Centers for Disease Control \(CDC\)](#) and the [World Health Organization \(WHO\)](#) to make sure our policies and procedures meet or exceed their guidelines, and we are keeping in contact with governmental agencies.

We have expanded cleaning and disinfecting at our resort for staff and guests safety.

In conjunction with WHO and CDC guidelines, we encourage travelers to wash hands frequently with soap and water, cover nose and/or mouth with a tissue or flexed elbow when coughing or sneezing, and then dispose of used tissues in a no-touch trash bin.

We will continue to prioritize the health of our vacation owners and guests by issuing guidance to all regarding good hygiene practices, such as increased daily cleanings of public high-touch and high-traffic areas, both in common areas of the resort and in individual units.
