

501-19 Design

Design and functionality
perfectly combined.

501-19 Design with beech tabletop 1400, SRP \$1,150. See also pages 27-31.

501-19 Design lends unique style to this series with an attractive crescent shaped base. The Design offers excellent support and is well suited to be arranged in groups or as a stand-alone desk. With 220 lbs as maximum load it can be used with a wide range of tabletops. Available with optional rechargeable battery. See specifications on pages 28-31.

Frame	Item no.	Color	Width	Price
	501-19 8S120	Silver	47¼"	\$ 902
	501-19 8B120	Black	47¼"	\$ 902

501-19 & 501-7 Wall

501-19 Wall with beech tabletop 48-305, SRP \$ 818. See also pages 27-31.

Stylish, functional
and lots of leg-space

501-7 Wall with beech tabletop 48-305, SRP \$ 934. See also pages 27-31.

No feet required!

501-19 Wall is a wall mounted system that eliminates the need for a base. This allows for maximum leg room and makes it easy to clean around which is a real plus in health care environments. The motorized leg can be used with the optional rechargeable battery and with 220 lbs as max. working load it combines outstanding function and contemporary style. See specifications on pages 28-31.

Frame	Item no.	Color	Width	Price
	501-19 8SW	Silver	357/16"	\$ 637
	501-19 8BW	Black	357/16"	\$ 637

With **501-7 Wall** you get a specialized system for a very attractive price. The frame requires very little space and without feet it is so easy to clean around. Perfect where smaller tops are needed and space is a consideration. The max. working load is 110 lbs. See specifications on pages 28-31.
