Tuesday, October 20th, 2020
12:00 Noon (EST)
1673 S. Fairview Rd, West Branch, Michigan

We look forward to seeing you at the 2020 West Branch Feeder Cattle Sale where we will be offering approximately 750 head of high quality feeder calves. All calves have been vaccinated and boosted for IBR, BVD, PI3, BRSV, Haemophilus, Pasteurella and a 7-way clostridial. Products used are Boehringer Ingelheim's Triangle 4 + PH/K and Pyramid 5 + Presponse SQ.

ALL calves have been weaned a minimum of 30 days prior to the sale and are electronically identified. Calves are sold with a consignor's guarantee that heifers are open and bulls properly castrated. Most will be dewormed, many will be Age and Source verified and scored using IGS's Feeder Profit Calculator

The majority of calves will be in a weight range of 450 to 650 pounds. The number of head per pen will vary between 2 and 15 and will be as uniform in weight and size as possible. Additional information may be posted on each pen. A website has been established for the West Branch Association at www.wbfeederalfsale.com. Videos and information on a majority of the calves will be available on the site in early October.
