A Note from Rick: There are times when steady markets are a good thing, when prices are down- it's not. It's frustrating. Unfortunately, prices continued to be down across the board and bull calves dropped. There's really not much new to report. We are going to have to ride out this downturn in the market and look forward. Unless something big happens to affect the markets, I don't see a big change in the immediate future. Fall is here and it finally feels like it. We have a big October in store. We start with the Alternative Animal Auction October 6th and 7th. The Special Springer Sale is October 12th and the Feeder Sale is the 17th. We have the Friesian Fall Classic on the 20th and 21st. Our normal Driving Horse Auction is the 28th and we finish the month with our 4-day Draft Horse, Carriage and Tack Auction October 31st-November 3rd. Super excited to confidently say that we will be ready. The new horse arena is going to be so great to have for all these sales. Rain, sun, sleet or snow- we'll be selling horses in Topeka! It was awesome to hear the first speaker hooked up. I hope you all are as excited as we are to see that first horse in the ring. Make sure you get to TLA in October. It's where the Action is!
