## JOB HUNTING STRATEGIES FOR SUCCESS IN TODAY'S WORKPLACE!

Dr Patricia Arneson, Wayne State College

Today's 21<sup>st</sup> Century job market requires 21<sup>st</sup> Century job-hunting strategies and skills. Are *your* students equipped with a 21<sup>st</sup> Century "job-hunting toolbox?" Technology has changed how employers seek potential job applicants—and how job seekers find employment! Let's examine three job-search tools that today's job seekers should have in their 'toolbox': **Social media tools** such as **LinkedIn** and **new resume`** and **cover letter** formats!

**Social Media for Job Search.** Social media is the newest key player in the job-search process. Today's firms focus on *quickly* and *efficiently* hiring top talent, with social media playing an important role in recruitment and selection. The average *hiring time* from job posting to hiring is 34 days. Having a **LinkedIn** profile is now an expected requirement, especially for college grads. An "invisible" job seeker is viewed with suspicion; lack of visibility is concerning when a job seeker does not have an online presence. Often such invisibility is a bad sign: are you out of touch, behind the times, using a false name, have something to hide? In a recent JobVite.com survey, 93% of recruiters indicated that they look at a candidate's social profile, and 42% have reconsidered a candidate based on what they found - *both positive and negative*. Caution your students that 'digital dirt' can damage their professional reputation and cost them potential jobs! According to [JobVite.com](http://www.jobvite.com), a leading recruiting platform on the social web, LinkedIn is the most "grown-up," professional of the social media network venues currently available, with 95% of social recruiters using LinkedIn to search for, "pre-vet" or contact candidates; 92% of employers post jobs to LinkedIn, compared to 48% on Facebook and 39% on Twitter. It pays to teach your students how to create a LinkedIn presence!

**Job-Hunting Success: "There's an App for That!"** Over two-thirds of job seekers use their mobile devices at least once a week to search for jobs! According to [www.glassdoor.com/apps.htm](http://www.glassdoor.com/apps.htm), job-hunting today has taken on a "tinder dating" swipe left/right approach! Check out these popular social media apps that today's tech-savvy job hunters are using:

[Switchapp.com](http://www.switchapp.com)      [Jobrapp.com](http://www.jobrapp.com)      [Pocketresume.net](http://www.pocketresume.net)      [Careerbuilder.com](http://www.careerbuilder.com)      [Simplyhired.com](http://www.simplyhired.com)

**It's a Whole New Resume` World!** "Cookie cutter" resume`s do not allow job seekers to showcase individual talents or stand out from their peers. For teaching resume` fundamentals, **standardized resume`-builder formats** that include resume`/cover letter templates may still be appropriate, such as [www.myperfectresume.com](http://www.myperfectresume.com) or [www.livecareer.com](http://www.livecareer.com). However, to employers, "one size (resume`) does not fit all." Resume formats have changed dramatically into a 'networking resume`' that provides snapshots of what the applicant can do (as opposed to skills they possess)! Its appearance is an infographic-style with break-away text and call-out boxes that highlight skills and accomplishments, LinkedIn profile URL, and targeted (customized) to a particular job opening. Remember, employers spend only **six seconds** scanning a resume! Example formats: [www.functionalresumetemplate.net](http://www.functionalresumetemplate.net)      [www.resume2015.com](http://www.resume2015.com)  
<http://inspiretrends.com/free-creative-resume-templates>  
<http://time.com/money/4171054/resume-tips-advice/?xid=emailshare>

**Cover Letters.** The "big shocker" is the news that employers question the value of the 'resume` - cover letter' bundle. Generally, cover letters are not read for *initial review* of job candidates, nor are they always a good predictor of an applicant's job skills. Cover letters can also be a mine field of information that can trigger bias perceptions, limit the diversity hiring of protected-class applicants. When a cover letter is requested, it should

(Continued on page 5)

*(Continued from page 4)*

NOT be a replica of the resume. A simple four-paragraph cover letter may be sufficient for most entry-level applicants. Please note that it focuses on skills, accomplishments and experience and makes reference to the resume.

Dear Name [be specific—research to find the person’s actual name]:

Please consider me an applicant for the opening for [insert job title here].

I offer [insert number of years] of experience [insert your specialty here] and [insert related skills that will help you perform the job here] skills, which should make me a strong candidate for this opening. My attached resume also highlights my career profile and significant accomplishments that are in alignment with your position.

I welcome the opportunity to discuss my qualifications with you, if you feel I would be a strong candidate for this or other positions within your organization.

Sincerely,

## Banzai

[Banzai's](#) award winning curriculum is used by over 20,000 teachers nationwide to teach their students to be better stewards of their money. Banzai partners with local sponsors to provide this high quality program for teachers and students, at no cost.

### How it Works

One of the hardest parts about teaching is connecting the classroom to the real world. Printed Life Scenario booklets work in conjunction with the online software to provide actual real-life adult financial dilemmas for students to work through.

1. **Pre-Test** Gauge students initial level of understanding.
2. **Life Scenarios** Students work through [story problems](#) that introduce the curriculum. The [teacher's edition](#) provides educators with a lesson plan to help students understand the various financial responsibilities and costs they'll face as an adult.
3. **The Game** Students enter a real life simulation where they exercise what they have learned and make various tradeoffs and decisions in order to reach their end goal of saving \$2,000 for college.
4. **Post-Test** Measures how much students learned throughout the course.

Now more than ever, it's important for students to learn early how to handle their money, or pretty soon it will start handling them!

### Curriculum Alignment

As an added benefit of the program, the topics Banzai covers fulfill many state-mandated requirements for personal finance and financial literacy. Take a look [on our website](#) how Banzai fulfills Nebraska's state curriculum requirements.

## 2016 ACTEN Award Recipients

### ACTEN Outstanding Business Teacher of the Year Tennille Allison, Kearney High School

Tennille Allison is a business instructor at Kearney High School. In her current position, she teaches business and technology classes, is an FBLA adviser, National Honor Society Sponsor, Carl D. Perkins Grant Manager, Microsoft IT Academy Program Administrator, and Business Department Head. Tennille is a member of ACTE and the Nebraska State Business Education Association. In these professional organizations, she has served as

the Business Representative to the ACTEN board and currently serves as the newsletter editor of NSBEA. As an FBLA adviser, she has served on the Nebraska FBLA Board of Directors. Tennille is a 10-year winner of the BEST Award for NSBEA. In 2007 she received the ACTEN New teacher of the Year Award. As an FBLA adviser, she facilitates and coaches the Nebraska FBLA Parliamentary Procedure Team. In her own local chapter, she has had numerous students qualify for national competition. On the state level, Tennille has been part of two standards writing teams for NDE. The courses she contributed to were Entrepreneurship and Information Technology. In the classroom, she works strongly to support career and technical education. Her school underwent a school improvement analysis for CTE. As a result, there is a new high school being built centered on a career field model. Tennille has been involved in the transition process by helping design the building, participating in planning committees, and assisting with professional development. Her principal writes, "Tennille is the prototype of what a career and technical educator/advisor should look like. She commits countless hours to students to ensure their success and her resume proves this."

### ACTEN Carl Perkins Community Service Award Janelle Stansberry, Cedar Bluffs Public Schools

Janelle Stansberry has been at Cedar Bluffs Public Schools for thirty years. She serves as the business instructor, career readiness counselor, technology coordinator, assistant track coach, and head volleyball coach. When she began her career at Cedar Bluffs, the district had six Apple II computers. Under her leadership and vision, the entire school is now in a 1:1 environment. Because of her outstanding instructional practices, she has

received many awards including the Milken Family Foundation National Educator Award, the NSBEA Secondary Teacher of the Year, and the ACTEN Teacher of the Year. Janelle is a member of ACTE/ACTEN, the Nebraska State Business Education Association, and Delta Pi Epsilon. While in these organizations, she has held many leadership positions including serving as the Business Education Representative to the ACTEN board. Nine years ago, Ms. Stansberry encouraged the administration to allow her to charter a Future Business Leaders of America Chapter.

Soon after chartering the FBLA Chapter, she began looking for opportunities for her members to perform service-oriented projects. They started with small projects such as community clean up days and raking leaves. Once the community knew of their willingness to help the community, the Chapter members were approached to help out in a variety of ways. Those activities include hosting a Halloween Carnival, ringing bells for the Salvation Army, organizing an Easter Egg Hunt, painting house numbers on curbs, and so much more. On average the FBLA Chapter gives over one thousand hours of time yearly to the school and community. Her community service goes beyond FBLA. She served as an Awana Group Leaders, is a non-paid technology consultant for a local parochial school, a volunteer instructor for adult computer education classes, and a YMCA coach. A colleague writes "Janelle has a passion to show our children that helping out those who are in need or just providing an extra service that brightens someone's day is important."

### 2016 ACTEN Member of the Year—Beverly Newton

Beverly Newton is a face nearly every regular NCE Conference attendee has come to know well. Last June, Bev retired from the Nebraska Department of Education as the Career Field Specialist for Communications and Information Systems and as the State Chairperson for Nebraska Future Business Leaders of America. The Association for Career and Technical Education of Nebraska recognizes Beverly Newton for her years as a committed member of our organization and for her contributions to Career and Technical Education across the state of Nebraska.

Beverly Newton served Nebraska Career Education at the Nebraska Department of Education for 23 years. Prior to joining NDE, she taught at Waverly and Milford. In 1976, Bev started an FBLA chapter at Waverly. Over the next 39 years, Beverly devoted time, energy, and made Nebraska a national FBLA stand-out.

Beverly has been recognized as an Outstanding Administrator/Supervisor for the Nebraska State Business Education and for the Mountain-Plains Business Education Association. Beverly was also recognized by Delta Pi Epsilon as an Outstanding Educator and by IBM and Technology and Learning Magazine as a Teacher of the Year. Beverly also served multiple terms with National Future Business Leaders of America as a member of and chair of the national awards committee.

Beverly Newton, congratulations on your retirement. Your commitment to Career and Technical Education has made a lasting impact on our state.

# ACTEN Career and Technical Awards

*Murleen Bellinger, ACTEN Executive Director*

- Do you know someone that is an outstanding Career and Technical educator?
- Do you know someone that is innovative in the classroom?
- Do you know someone who is a leader in Career and Technical Education?

Consider nominating a colleague for a 2017 Career and Technical Award of Outstanding Contributions.

The ACTE Member Awards recognize excellence and dedication within the field of career and technical education among ACTE members. Recipients of these awards are exceptional individuals who have contributed to the success of CTE through the quality of their work and their involvement in the CTE community.

There are seven Member Awards presented:

**ACTEN Teacher of the Year and  
ACTEN Outstanding Teacher by Division  
ACTEN Postsecondary Teacher of the Year  
ACTEN New Teacher of the Year  
ACTEN Administrator of the Year  
ACTEN Carl Perkins Community Service Award  
ACTEN Outstanding Member Award**

All candidates are evaluated based on the following criteria:

- Accomplishments and innovations that exhibit the quality of the candidate for the award
- Contributions to the CTE community (can include activities within their institutions, communities, ACTE and other organizations)

For more information on how applications are scored, please see the national [ACTE Member Awards Scoring Rubric](http://www.acteonline.org) at [www.acteonline.org](http://www.acteonline.org).

## Application Process

- Candidates begin the application process by nominating themselves (or being nominated by a peer) for their state award. Candidates must hold the appropriate position at the time of initial nomination (eg. be a secondary school CTE teacher if applying for the Teacher of the Year.)
- Candidates should submit their applications on the [ACTE Awards Portal](#) by March 1, 2017.
- For more information, contact Murleen Bellinger, ACTEN Executive Director, at [actenebraska@gmail.com](mailto:actenebraska@gmail.com) or call 402-480-9577.

# Your CTE Professional Organization

*Murleen Bellinger, ACTEN Executive Director*

As you begin the 2016-17 school year, please consider joining your professional organizations. Those organizations might include NSBEA, NBEA and MPBEA, NAME, NETA, and ACTE/ACTEN.

The Association for Career and Technical Education (ACTE) and ACTE of Nebraska (ACTEN) is the professional association for career and technical educators in Nebraska. Established in 1946, ACTEN has some 350 members across Nebraska including teachers, administrators, teacher educators, career counselors, teacher candidates, business partners and other professionals who support or advocate for career and technical education.

In addition to the most comprehensive professional development opportunities for you and the career and technical education community, ACTE has worked diligently for more than 85 years to influence and educate policymakers on the essential role CTE programs play in providing career exploration and education opportunities for students. From advocacy and government funding to public awareness and education, ACTE is on your side every step of the way.

Other reasons to join ACTE:

*Techniques Magazine*—award-winning publication that delves into CTE trends, case studies and in-classroom innovations

Member discounts on numerous CTE professional development and networking opportunities

Complimentary \$25,000 common career AD&D insurance  
Networking and Professional Development—national and regional conferences as well as online seminars

**Advocacy**—ACTE's Public Policy Department advocates, analyzes and informs policymakers and ACTE members about the impact of proposed legislation and funding decisions affecting CTE programs

Cutting-edge CTE news—weekly e-news updates

Instant access to CTE colleagues through social media networks

Professional recognition—members are recognized for their extraordinary contributions to CTE programs

ACTE/ACTEN has a number of divisions focused on specific disciplines within career education. Each of these divisions has its own leadership, plan of work, and professional development opportunities. Divisions are focused on specific areas of career and technical Education. When you join ACTE and ACTEN you will select the division that best meets your needs from the following list:

- Administration
- Adult Workforce Development
- Agriculture Education
- Business Education
- Career Academy – Note – ACTE Division Only
- Engineering and Technology Education
- Family and Consumer Sciences Education
- Guidance and Career Development
- Health Science Education
- Marketing Education
- Special Populations
- Trade and Industrial Education
- New and Related Services

Dues for ACTE of Nebraska are \$30 and dues for ACTE are \$80. You may join more than one division through ACTE for \$10 per division. Your primary ACTE division will be your ACTEN/state division.

If you have a passion for teaching, a passion for what you teach, a passion for the students you teach, consider joining ACTE. As a national organization, ACTE is the best advocate you will have for your CTE program. You may find out more about ACTE and ACTEN at [acteonline.org](http://acteonline.org) and [actenebraska.org](http://actenebraska.org).

You may submit your dues online at [acteonline.org](http://acteonline.org) or mail your dues to ACTE of Nebraska, PO Box 89, Waverly, NE 68462. If you have additional questions, contact Murleen Bellinger at 402-480-9577 or email at [actenebraska@gmail.com](mailto:actenebraska@gmail.com).

## ACTE Region V Outstanding Administrator of the Year DeLayne Havlovic, Omaha Public Schools

DeLayne Havlovic currently serves as the Curriculum Supervisor in the Omaha Public Schools for business, marketing, information technology, and health sciences. He is responsible for district wide implementation and continual development of curriculum and career pathways for these disciplines. He provides instructional coaching, curriculum support, evaluation, and professional development for 125 BMIT and Health

Sciences teachers. He assists with staff development, coordination of Perkins funds, chairs many committees, supports CSO advisers, and the list goes on. He is a member of a variety of professional organizations. In these professional organizations he has served as president-elect, president, past president, treasurer, and newsletter editor. He has served on a variety of committees at the national level including, but not limited to the program director for the 2014 National Business Education Association Convention and the chair of the Legislative and Advocacy Committee for NBEA. He has attended and served as a presenter for numerous conventions. As a fellow board member writes, “DeLayne epitomizes quality leadership and dedicated service in his daily responsibilities within Omaha Public Schools and especially in his service to ACTEN and career education in Nebraska.”

## NSBEA FOUNDATION

### An Investment in Business Education

The NSBEA Foundation was started in the spring of 1995. This foundation is vested through the Nebraska Career Education & Innovation Foundation (new organization). The purpose of this foundation is to give business educators an opportunity to make donations during their lifetime or through their estate to benefit business education in Nebraska. The goal of this foundation is to eventually provide scholarships to high school business education graduates to continue their education at the postsecondary level.

Through our individual planning for the future, we each have the opportunity to help strengthen business education in Nebraska in the years ahead. Please give serious consideration to your investment in business education. Help us to ensure that business education students are highly educated, well-trained, and fully prepared to enter the workforce.

We need your help! Please complete the information below and return with your contribution to the address listed below.

## A 50-Year Journey to Celebrate

Lisa Fox, ARBE-DPE Alpha Upsilon Chapter President

Greetings! It has been a year of celebration for the Nebraska Chapter of Delta Pi Epsilon. It was 50 years ago when the Alpha Upsilon Chapter of the University of Nebraska-Lincoln was chartered. Many of you helped celebrate our 50<sup>th</sup> anniversary at the BMIT NSBEA social and DPE reception at the Holiday Inn in June during the NCE Conference. The Alpha Upsilon Chapter sponsored the NSBEA social. I would like to thank the members of the anniversary planning committee for their hard work in making the anniversary a special event at the NCE Conference. Mona Schoenrock, Beverly Newton, Kathleen McCune, Jean Condon, Bonnie Sibert, Colleen Lenners and I were on the committee.

Colleen Lenners, our chapter historian, created a memories video that was shown at the reception. If you missed seeing the video, it can be viewed in the DPE 50<sup>th</sup> Anniversary Dropbox at <http://tinyurl.com/DPE50thAnniversary>. Colleen along with Wanda Samson also created two historical pieces highlighting the activities of the Alpha Upsilon chapter over the past fifty years. Special thanks to Colleen and Wanda for the time and dedication given to put these documents together. The decorations, DPE history books, video, scrapbooks and refreshments provided a vibrant setting for the special evening.

At the celebration, emceed by Beverly Newton, past presidents and past outstanding educators were recognized along with chapter sponsors. Memories were shared by those present and Bev read notes from those members unable to attend. Thank you to Bonnie Sibert for capturing the evening festivities on camera. Pictures of the celebration are found in this newsletter including group pictures of members present by the decade they were initiated into the Alpha Upsilon chapter. More pictures from the celebration can also be viewed at <http://tinyurl.com/DPE50thAnniversary>

Throughout the year, Delta Pi Epsilon sponsored the FBLA Leadership Awards. The recipients from grades 7 to 12 were recognized at the FBLA State Leadership Conference this past spring. A special thank you goes to the panel of judges for their willingness to complete this time-consuming task.

At the DPE banquet in June, Dennis Krejci, a business educator at Tri County Schools was named as the 2016 DPE Outstanding Educator. Congratulations, Dennis!

With the restructuring of the Delta Pi Epsilon organization in 2012, ARBE:DPE became an affiliate of the National Business Education Association. At the national level, ARBE:DPE has not retained the chapter structure. Nebraska remains the only state level chapter of DPE. At the DPE banquet/business meeting in June, the Alpha Upsilon Executive Board proposed an amendment to the DPE Bylaws that would dissolve the chapter. Our bylaws read that a 2/3 majority vote of the members present is needed to amend a bylaw. Ballots were distributed to all DPE members at the meeting to vote on the amendment. The amendment was adopted and the chapter will dissolve on January 15, 2017. The current board members will remain in their positions until that time. Any remaining funds after all bills have been paid will be disbursed to the Nebraska Business Education Foundation. All members are encouraged to maintain their ARBE:DPE membership status at the national level. Membership is open to those who pay their NBEA dues. More information and forms can be found on the Association for Research in Business Education (ARBE) website at <http://www.dpe.org/forms.htm>

Alpha Upsilon Chapter of DPE hosted a 50th Anniversary celebration during the BMIT social on Tuesday, June 7 at the NCE Conference. Members, past presidents, sponsors, and past outstanding educators were recognized by emcee Beverly Newton. The decorations, history books, video, scrapbooks and refreshments provided a vibrant setting for the special event. Much fun was had reminiscing about the years gone by. Thanks to everyone for making the celebration a memorable evening.
