**\* Responsible for fast play**

Please follow all of the course rules regarding social distancing and common touch areas:

- We will **not** have a registration table. Simply get your cart, load up and head to the tee.
- Follow all posted signs at the course regarding any rules not listed here.
- There will be no ball washers or rakes on the course. If your ball lands in a sand trap after you hit, please try to smooth out the sand with your club or foot. If your ball lands in a footprint in a trap, you can move it out of the footprint.
- No sand bottles will be available. Please replace divots as best as you can.
- Do not touch or remove the pin. The pins have been adapted so that your ball won't fall more than 1" below the surface. That way, you can remove your ball without touching the pin or the cup.
- **The upstairs restaurant will be open for lunch.**
  - Please follow signs regarding the maximum number of people permitted in the pro shop and restrooms. **Also, masks will be required to enter the building**

**New Cart System**

The course has installed a plexiglass divider in each cart to separate the driver and passenger, so two players can ride safely in a cart. (The system was approved by the Health Department.)

**Skill Prizes will take place as usual. Please refer to information provided on carts.**
