

Noreen's Kitchen

Orange Creamsicles

Ingredients

1/3 cup granulated sugar
1 cup orange juice concentrate

2 cups full fat plain or vanilla yogurt
2 teaspoons vanilla extract

Step by Step Instructions

Place ingredients in a large measuring cup with a pour spout and blend well with a whisk.

Pour into Popsicle molds.

Place sticks into molds.

Place molds on a cookie sheet or stabilizer base if one was provided.

Place in freezer for at least 8 hours until set.

Unmold by placing in a pan of warm water to loosen and make it easier to remove the frozen bars from the molds.

I like to remove all the pops and wrap each one individually in a sandwich bag and place in a container in the freezer for easy grab and go treats for the kids.

Enjoy!
