

Dear Neighbors!

I hope this note finds you healthy and well. While COVID has caused a lot to change, one thing remains constant: our neighbors make Admiral Heights a great place to call home. Thank you to everyone who made this time better by organizing scavenger hunts, porch photos, puzzle/game swaps, birthday signs and much more.

I wanted to write to you all to quickly update you on a few key items.

Independence Day Bike Parade

While we all love the Bike Parade, we have decided that it is not yet time to have a large gathering. Instead, we are suggesting a socially-distant bike parade. We are encouraging families to still decorate bikes and to take a ride around the neighborhood at 10AM in July 4th. Post photos on Facebook so everyone can see your decked-out bike. We look forward to this event returning next year.

Kayak Racks at Dewey

The Board has voted to build to additional kayak racks at the Dewey Drive dock. This will create 8 spots and eliminate most – if not all – of the waiting list.

Sidewalks on Cedar Park

I am very happy to report that funding for the sidewalk on the south side of Cedar Park from Windell to Halsey was APPROVED in this Budget. We look forward to this project progressing, and to our children having a safe way to walk to school and recreation facilities.

AHIA Finances and Special Community Benefits District

AHIA has had one of its best years yet in terms of membership – THANK YOU!

We have been working hard to further research the Special Community Benefits District, and look forward to having more information to present at our fall meeting. Please know that we will not take further steps until we can gather and discuss options.

My best regards,

Scott Gibson
