

# POMEGRANATE PORTFOLIO

## NATURAL SPECTRUM POMEGRANATE EXTRACT - 30% PUNICALAGINS

Patented, clinically researched, natural spectrum complex standardized to 30% punicalagins. Pomella® Extract is available in a range of formulations.

## NATURAL SPECTRUM POMEGRANATE EXTRACT - 20% PUNICALAGINS

Patented, clinically researched, natural spectrum complex standardized to 20% punicalagins. Pomella® Extract is available in a range of formulations.

## NATURAL SPECTRUM POMEGRANATE EXTRACT - 10% PUNICALAGINS

Pomella®FG is optimized for functional foods. FG is a proprietary water extraction, 100% water soluble, and standardized to 10% punicalagins. It is a great source of high ORAC antioxidants and pomegranate polyphenols.

## POMEGRANATE SEED OIL

Pomegranate seed oil containing a unique profile of conjugated fatty acids and a rare plant based form of CLA. Nutty in taste and amber in color, this oil is perfect for soft gels and commonly used for oil fortification. Available cold-pressed or CO2 extracted.

## POMEGRANATE FLOWER EXTRACT

Pomegranate flower extract is a high antioxidant, high polyphenol extract researched for its abilities to impact metabolic health.
