Tiyamike Mulungu Center Trust

Malawi, East Africa

May 14, 1948 Can a country be born in a day or a nation be brought forth in a moment? Isaiah 66:8 If you agree: Pray for Israel's leaders, clarity in hearing God!! (same Father but so lost... and blinded until we gentiles make them jealous Rom 11:7-14 &11:25) Hearing as to dealing with Iran and puppets. Jesus's angelic protection, visions and miracles of healing and provision for Israelis and non-terrorist Palestinians under Hamas/Iranian rule. **Addendum** (correction to me !!) **"and why wouldn't I have included the terrorists themselves (at least in the visions and encounters with Jesus)?? Where is there a person our Father doesn't want to come to know him thru Jesus and into His family??"** Will you join in (heart carrying) prayer that Israelis meet their Messiah and Isaiah 54:15-17 that all (means all) even the worst bow their knee and from their hearts confess .. **CHRIST JESUS IS LORD** and every knee will bow, every tongue confess, for that we **RAISE A HALLELUJAH !!!** **"Your plans Holy Spirit not ours!!!"** .. You are welcome to join us each morning (LOL whenever) in our prayer for ourselves and Tiyamike... LOL ... join us as we stumble our way to **VICTORY!!!**

Thankyou Holy Spirit for your good purpose to glorify our Lord Jesus..

Thankyou for partnering with us and our staff during these last few years & beyond!!! These lives matter :-) Death we have covered!! Taxes no worries !! Now payroll n bills ... :-)

Our report of our Tiyamike visit just past for you. As outlined in our last Newsletter the fingerprints of His involvement continued for the duration of the trip having returned May 19th. Pam doing very well and striking how what started with a simple decision (nudge) to book and pay for tickets resulted in a "going before us" with what we can say "clear foreplanned happenings !!"... whether accessing needed Magnesium and Iron IV infusions ... to grace getting our vehicle in shape by friend Trevor... We are full of much gratitude for the happenings at Tiyamike during our visit: baptizing 43 children... repairing 2 water storage (by one of our young men Jerod) 1,000 litre tanks, much needed improvements for the boys "Corner House" including trenching in a PVC pipe for electrical supply for when wire is available, the trench required to prepare for the loan of a tractor rototiller (we are to pay for fuel) from IRIS Ministries for new garden areas, rebuilding a clothes washing area and the water supply system as there will be a dozen plus boys soon living at the Corner House, as it is closer to schools than the TMC 3 Boys compound... and anticipating much in terms of needed improvements and upgrades including mattress covers, changing over to liquid gas for cooking as firewood is in majority less than 1-1/2" diameter branches, There are still considerable maintenance needs put on hold for it seems to long, TMC 3 Boys site (not Corner House) washing stand to replaster, repair wind damage (large tree weakened by boys attempting to burn our bees in trunk) ... bed repairs, door frame and door repairs , truss and, and, and from termite dining efforts, changing a main bathing area over to girls from long standing boys due to the exodus of boys to TMC 3 Boys compound and the Corner House enclosure, (leaving 7 small boys who have in room facilities for toilet and bathing), installing a plastic drum system for heated bathing water, (winter coming soon especially later June, July into August) crack filling and concrete repairs to sidewalks, our repainting several years ago (using 400 plus litres) is much in need of redoing, fencing the playground perimeter and garden areas both at Tiyamike main and TMC 3 is in the future depending on the "to be proven" *garden prep and tending* commitments now agreed to. On to other serious needs including ongoing school fees, increased costs for food, electricity, needed staff increases who were not included in the Govt mandated increase from 50,000 to 90,000 Malawi kwacha, which we agreed with, but didn't have the courage/faith to enter into ... pre Govt mandate, costs across the board in all areas sums it up. Increases in large part due to Govt efforts to bring balance to the economy with the Nov 2023 44% devaluation and resulting vender price hikes. IYIYIY ... I still grieve ten classrooms sitting empty, remedied only by a couple truly called ??

Never to forget: ... When we arrived and just thru the gate at Tiyamike, imagine 70 kids jumping and shouting "Amayi " "Amayi" (momma) after three years absence (some unsure she would ever return) they were ecstatic !!! So thankful for Shari Lynn accompaniment and Matthew n Emily n 2 awesome little ones!! So: Dec. 2024 trip... interested?? email us :-) references please..We plan ..God laughs ...Pray/Obey.

They made the way for us to do what we did!! :-)

Pam meets w Boys n Girls

Girls song w our friend Wiktor n Arthur&Ruth
