

**EVERYDAY
CHICK
GROWER/FINISHER
MEDICATED
Type C**

Amprolium 0.008%

As an aid in the development of active immunity to coccidiosis under conditions of moderate exposure to coccidiosis over 8 weeks of age.

WARNING: Use as a sole source of Amprolium.

SPECIAL CONSIDERATION: Do not use Amprolium in feeds containing bentonite.

FEEDING DIRECTIONS: Feed Everyday Medicated Grower/Finisher from approximately 8 weeks of age to time first egg is produced (approximately 20 weeks of age)

The suggested feeding program is for use as a guide only. The animal's requirements may change due to breed, environment and management.
