### OPEN HOUSE

Plan to arrive at the scheduled class time. Moms & Dads are welcome.

Pick up your **name tags** in the hall and a **checklist** of things to do together in the classroom.

**In the hall**, locate your child's name and help them hang up their coat and seat their backpack on the floor under their name. Once inside the classroom, some of the many things to do. . . . **greet** the teacher and aide, begin the **routine of hand washing upon arrival**.

For the first 20 minutes, you and your child will acquaint yourself with the classroom, discovering a book together, doing a puzzle or manipulative at one of the tables, finding the washroom, washing your hands, and generally making them feel comfortable with their new environment with you along side of them.

The teacher and aide will be interacting with the children to also help them transition.

After everyone has arrived and had some time to spend around the room, your child's teacher will announce "clean-up" and toys will be put away, and all will gather on the carpet for "Circle Time."

Following this, the children will remain with the aide for snack and activities.

You and your child's teacher will adjourn to another room for the Parent Meeting.

**At the Parent Meeting**, your child's teacher will acquaint you with the program, philosophy, curriculum, talk about the daily schedule and routines, parent communication, newsletters, field trips, upcoming celebrations that will include you, illness and absences, carpooling, arrival and departure, and answer your many questions. A snack sign-up sheet will be passed around and a class list distributed. Food allergies, if any, will be addressed.

You will receive a folder containing class lists, calendar, snack reminder, etc.

\*At the end of the Parent Meeting you are free to leave. Your child's teacher will join the class and spend the remainder of the class time with all the children. You may pick them up at the designated class ending time.

### FIRST FULL DAY OF CLASS

Plan to bring your child to class and leave after helping them with their coat and hugs and kisses. Sometimes separation is not always easy for some children. . . .and for parents as well! We have had many years of experience in dealing with tears, and we can assure you from our past experiences that this does not persist. We are prepared to work with your child on this, if it's necessary. We have a day filled with fun activities!!!
