Dear all members:

On behalf of myself, The FealGood Foundation and my family and friends, I wish to thank you for your generous donation made to our April 15th Fundraiser that helped to pay for a new FDNY Family Transportation van. This van will enable all 911 Responders who are sick from the WTC to assist them with transportation to and from all their doctor appointments and other medical needs.

The Event was a success thanks to friends like you and others who helped.

Thanks again,

Retired Firefighter Raymond J. Pfeifer
