STEVEN SCHILLER

March 31, 1969 - December 24, 2022

On Saturday, December 24th, 2022, Steve Schiller, loving husband and father of two, passed away at fifty-three, while surrounded by his beloved family at their home on Orcas Island.

Steve had many interests in life. Traveling was high on his list, but his love for Hawaii was the favored destination. If he could, he would have lived in Hawaii and worked at a State Park (I mean, who doesn't want that?). Steve loved soccer and fly fishing (he even tied his own flies—such a nerd). Steve loved the farm life and his goats (unless the little buggers got out of the fence, which was all the time).

Steve was Island Hardware's mechanical magician whose hands were full keeping all of our dilapidated equipment running. He was a safe and skilled delivery guy; however, every delivery was the worst ever 😊.....And last but not least, he was an amazing human with a ready smile and quick wit. And bless his pea-picking heart, he was a passionate San Francisco Giants fan.

Steve has left many of us in utter disbelief that he was taken so young. Our hearts go out to his family and friends.

We are blessed and honored to have known him.

REST EASY AND GOD
SPEED OUR FRIEND!
