- **Monthly – General Meetings – Contact Brian Sibbald @ 905-302-5470 for an opportunity to sponsor & advocate your business!!**

GENERAL MEETING – JUNE 14

Our meeting this evening was co-sponsored by **Evans Waterless Coolants** and **Industry Diesel & Turbo Services**:

Dr. Peter Gibson Vice Principal at Bramalea Secondary School was provided this opportunity, thanks to our co-sponsors, to up-date us on the **new Truck Coach Skills apprenticeship program**; a stand-alone program with a state-of-the art facility, with 3 classes-**2 grade 9's and 1 grade 11 ready to go**; with Secondary and College Credits. Their most welcome mission is to interest young people to work in the trucking transportation industry. The program also needs the support of the private sector trucking industry to provide such as job shadowing, co-op placements, along with donations in the form of equipment, bursaries and the like; with tax receipts. For further information please call: 905-793-2400 X 414 or 905-793-3682 or go to www.peelschools.org

Next up was Christopher Brand, representative for **Evans Waterless Cooling Systems**. Chris reviewed plans for Evans Heavy Duty Waterless Coolant (a proprietary mix of Ethylene and Propylene Glycols) which has been in use in the auto racing and antique car hobby for over 20 years. The formula has a boiling point of 375deg. F, and is confident to reduce maintenance issues and protect against engine failure. For more information please contact Chris at 613-216-2141 or 613-298-3172 or CBrand@EvansCooling.com.

Rudy Peternel of [Industry Diesel & Turbo Services](#) in Oakville then provided an overview of his well considered services in Fuel Injection Systems, Turbochargers and ECM,s. Rudy covered the advancements in fuel injection, including the ultra high pressure common rail injection systems; along with the need for VGT and VNT turbo systems on today's engines. Industry Diesel & Turbo operates a 20,000 square foot, state-of-the-art rebuild facility in Oakville, and has been in business since 1969. For more information please call 905-845-3444-5 or go to www.industrydiesel.com. Many thanks again to Chris of Evans and to Rudy at Industry Diesel for providing us with a nice and informative evening. Much obliged. We also encourage all to assist and get involved with Dr. Peter's efforts in any way possible.
