President's Letter

The TCMAFC Board began our Summer Board meetings, on Saturday, June 19th at the home of Doug and Deb Persing. Doug and Deb put a fantastic day together. Great food, a few Model As, a beautiful day, and a short business meeting was had by all!! Watch for updated information for the July meeting to be held at Marc and Jackie Rude's home, in this edition of the Aogah News. Also, remember to look for information on the August Business Meeting to be hosted by Phil and Mary Zins.

The TCMAFC Board has been informed that the home of long time former member Tom Wesenberg had extensive fire damage and is a total loss. This is an extremely tragic event for Tom, and a Go Fund Me page has been set up for him. Please read further information in the business meeting notes.

The Club welcomes many new members. See the Business meeting notes later in this edition of the Aogah Newsletter.

For Club members on the northern side of the cities, or anyone that may have interest, please contact me about displaying your car at a first year car show near Champlin Park High School. Eternal Hope Lutheran Church, just south of the high school, has asked if any members would show Model As at their event on July 17th. We are looking for one or two additional cars. Please read the flyer included later in this addition of the newsletter.

The summer Thursday Touring season, sponsored by Rog Anderson and Lynne Groven, is underway! The first tour on June 17th, was a huge success. There were 9 Model As, and 2 modern cars! Contact Rog if you are interested in joining the tour! The Yellowstone Trail event in Hudson, hosted by Scott Huberty, is planned for July 31st, and is coming up fast. Look for event updates in the newsletter this month. Contact Scott soon to let him know your interest. We are looking to add many more cars.

Remember that the Great Northern Tour has been scheduled for October 4-8, 2021. All Club events will follow recommended guidelines with the health and safety of our members at the forefront. Additional information may be found in this edition and also upcoming editions of the newsletter.

We are looking for Club members to join the TCMAFC Board for 2022. If you have interest, or have questions about the activity of the board, or how you may fit into the board, please contact a current board member, or any past president.

There are a number of tours being put together. Drive!! We'll see you down the road! Stay safe. Stay healthy. Enjoy!

All Roads Lead to Hudson for the Yellowstone Trail Event"

Mark your calendar for Saturday, July 31 and come over to the beautiful riverfront park in Hudson, Wisconsin for the annual Yellowstone Trail Heritage Day events. A full day of events is planned to commemorate this historic route and you will enjoy the lovely riverfront town of Hudson. Check out this website link for additional details on all Yellowstone Trail Heritage Day events:

<https://business.hudsonwi.org/events/details/yellowstone-trail-heritage-days-2021-19116> You can also find information at their Facebook page. Merely do a Facebook search for: "St Croix County Yellowstone Trail"

Our Twin City Model A Ford Club will be participating with a car show running from 10:00 AM to 1:00 PM at an area reserved right down by the popular Hudson Arch. There will also be a "Britfest" gathering of the area MG Club, as well as an additional car show of other vintage cars. One of the other events taking place is at the nearby Octagon House Museum (Address is: 1004 3rd Street). Starting at 11:00 AM, we are invited to have at least two people with Model As who are willing to go to the Octagon House with their car and offer rides around the historic Hudson neighborhood.

Let's have a strong showing at this event! Please contact event coordinator, Scott Huberty and let him know you will be attending. Scott would also like to have the names of those who would offer rides at the Octagon House. Call or email Scott Huberty with your intentions! (Mobile: 612-518-3330, Email: sahuberty@gmail.com)

Photo Contest for 2021

To keep things evolving on this activity we are going to create a kids entry category. This means that grand children, your children and even that little person who lives next door or down the block who loves your Model A is welcome to submit up to a total of 3 photos along with the members three photos. This is a maximum of 6 photos per membership. Kids age limit for entry is no older than age 15. Let's see from a younger perspective with their hands on a camera what they see. Subject matter is the Model A, Club activities. The submission date will be after Thanksgiving so get the young children interested and photos will need to be printed at least 3" x 5". Looking forward to seeing what "develops" in this digital age. This is a great opportunity to spend some special time with a young person and create some memories.

Third Thursday Tour

Model A Club members met at Inver Grove Heights Target at 1:30 pm on Thursday, June 17th.

9 Model A's, a Ford Falcon convertible and one modern car were on the tour.

16 Model A members showed up, despite the toasty weather.

We cruised along the St Paul River Road, and then down Summit Avenue.

Our destination was Jim Loffler's house, which is across the street from the Cathedral of St Paul.

What an amazing view!!! His and his wife's back yard was big enough for all of the cars to get in and out of the brick paved alley. It was interesting to hear him talk about the purchase of his house and property.

They had gotten a pleasant surprise when they were told that their purchase included the adjacent lot!

It is a historical old home.

Rog Anderson & Lynne Groven were the tour guides. They had driven a trial run the day before. They scouted out the detours, the locations of porta potties, and a place to grab a bite to eat.

The best made plans do not always work out. The porta potties, that were just there the day before, were now gone.

The menus that we had picked up the day before, at the Topsy Steer, were no longer accurate. They now had new menus. As old car owners, we have learned that we have to be flexible.

On our way to the restaurant, we drove across the Old Soldier's Home bridge. We had the inside of the Topsy Steer restaurant all to ourselves. And, the air conditioning felt fabulous!

We are so happy to announce that Bob Butek will be the tour guide for the July 17th tour.

Hope to see you then!

Rog & Lynne

Oshkosh MARC Meet *by Mark Leder*

The National Marc meet was given the go ahead after being postponed from last year with the distribution of the vaccines and the distancing precautions that have become common. A group of TCMAFC members consisting of six Model A's and one modern car met up in Somerset Wisconsin on the start of the one of the hottest weeks of our summer.

We drove in very humid and hot mid 90 degree weather to Marshfield Wisconsin for our overnight, we made our fuel stops and bathroom breaks thru the day drinking plenty of water. We were fortunate with Jerry and Nancy Schilling leading us on the journey. The only mishap this day was when Jackie Rude had her hat had blown off her head while Marc was driving down the road, it landing in traffic. Dave Kieger driving a modern chase car was able to stop and retrieve her hat and she reclaimed it at our next stop. The next morning, we stopped at the world's largest round barn near our hotel and took a photo and entered the highway of heat and humidity on ward to Oshkosh.

The Wisconsin Nickel A MARC chapter were the hosts once again for this event and with all the uncertainty of trying to plan an event during this Covid period delivered a national event and were able to registrar I believe somewhere just around 300 attendees plus or minus . Although some of the events could not go on as certain deadlines and financial commitments were affected by the uncertainty of Covid safety precautions, this group of people were able to again give us a national meet with workshops and touring activities .

There was a general celebratory spirit displayed as this was perhaps one of the first Model A activities that a lot of people got to participate in after a long time of observing health and safety practices for almost a year and a half.

Welcome parties, a pig roast dinner, a fish fry, Grand Tour lunch, local tours, a boat tour of the large lake that runs thru the city, the quaint town of Oshkosh and the EAA museum kept the group busy. The fashion show and the display of fine point cars and the swap meet brought many familiar faces together. Although this was supposed to have originally taken place a year earlier in this same city our venue was changed and the hotels as well of the city were extremely welcoming and helpful for the week we were there.

On the road back home, the original group left minus one car who decided to stay for the final day, the rest forgoing the results of the judging and eager to resume the road trip thru the small towns of Wisconsin past the farms and scenery that make up the beautiful Midwest region of our country. Again, it was hot and the water stops and ice coolers in the cars got plenty of use.

One small hiccup on Marc Rude's car pulled him to the side of the road but a quick roadside fix and off again he went. I think we are going to blame a repro upper distributor plate with an inferior attachment of the fixed point contact as the culprit. As many of the tour veterans know it is usually quicker to exchange a complete back up distributor on the shoulder of the road and get up and going and that is what happened. We slept that night in Onalaska Wisconsin, cooled down, had dinner, and hung out at the hotel.

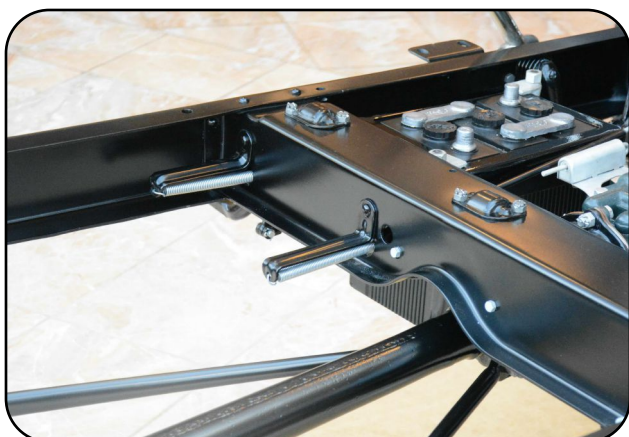

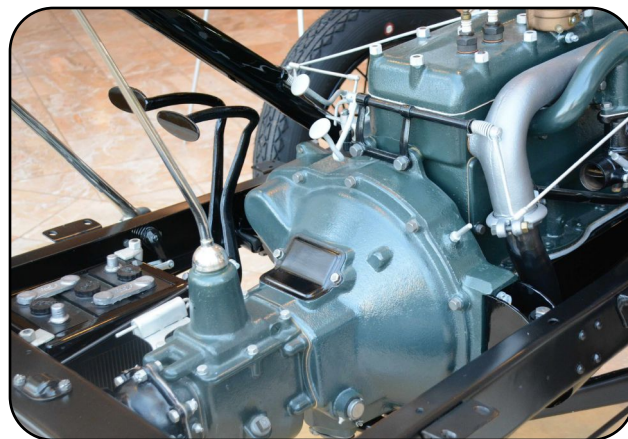

The next morning the word HOT was our passenger again. Things went well as we drove up the Wisconsin side of the river stopping at a small crafts fair, a creamery for ice cream and treats and a final lunch as a group. Once we got to the town of Prescott due to where we all live some broke off and made their way home. All returned safe. Here is a display of photos giving you a feel for our week taking in the 2021 MARC National Meet.

The photos below are of a extremely rare prototype chassis that Ford experimented with before moving to the production of what we are familiar with that was on display

Help is Needed

A very unfortunate life changing event has seriously impacted Tom Wesenberg a well known Twin Cities Model A enthusiast. He has suffered the complete loss of his home and personal possessions as the result of fire consuming everything. A Go Fund Me page has been set up by the Model A Community from all the grateful people Tom has helped and advised. The link for donations is: <https://www.gofundme.com/f/tom-wesenberg-fire-assistance-fund>

The Aoogah Newsletter has earned the 2020 Marc Award of Continuing Excellence

With the help of your contributions of content, photos, story ideas and club event participation we continue to have a club to be proud of and share in many rewarding activities involving our common interests in the Model A Ford.
