

Greetings 2015 WRM Participants,

Thank you all for joining us for the 2015 White River Marathon for Kenya (half & 5K). Thank you for braving the wind, cold and rain and being positive runners!

We had a very successful year with lots of familiar faces and many new ones! Below are several links that you will definitely want to check out, including photos and results. We hope of those seeking to BQ met your goals along with all the other individual goals set forth by this group. Many success stories have already been circulating, and that's awesome!

A big Thank You to Podium Images for providing the on-course photography! See all Marathon, Half and 5K [PHOTOS](#) by Podium Images

Many of you have already checked out this year's [RESULTS](#), which after they are finalized, will be sent to USATF and Boston Athletic Association.

In addition to photos, runners maybe interested in reviewing the video from the finish chute. This is broken down into 3 segments:

- [Clock Time: \(0:20:53, 2:43:27\)](#)
- [Clock Time: \(2:42:27 - 5:06:19\)](#)
- [Clock Time: \(5:06:19+\)](#)

Many of you have inquired about missed awards. If you did not receive your division or overall awards for any reason, send an email with your name, division, place, mailing address to: rd@whiterivermarathon.com We'll wait a week or so until all such request have come in, and then spend one lump of time packaging and labeling so they can be sent out.

Please keep a look out for a brief survey to be sent out from WRM/Survey Monkey in the next few days.

We'd like to apologize for our mislabeling of the mile markers between 8 and 13. That's our bad, and we'll make sure it doesn't happen in the future.

We could go on and on with "Thank You's" to volunteers, supporters, staff, sponsor shout outs, encouragement, and much much more, so we'll be saying good bye for now. If you haven't already, join our community on [Facebook](#) and keep in the know.

Thank you again for your participation, from WRM staff and the kids of Katito!

Paul Gigliotti

Race Director
