
Disposition of Valuables

316.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process by which all valuables found at emergency incidents are inventoried and held securely by the District until the items can be returned to the owner or otherwise legally released for disposition.

316.2 POLICY

The Blue Ridge Fire District will take reasonable measures to safeguard valuables found at incident scenes. The District does not have appropriate facilities for storing valuables for safekeeping. Therefore, alternatives to removing valuables from the scene of emergencies will be taken whenever practicable.

316.3 PROCEDURE

Any member encountering unsecured valuables, such as cash or jewelry, should immediately report it to the Incident Commander, or the member's commanding officer. When local law enforcement is available, valuable property should be transferred to legal custody.

If the valuables cannot be secured and they belong to a medical patient who is transported to a hospital, the member may deliver the valuables to the hospital, obtain a receipt from the receiving nurse and retain a copy of the receipt with the official report of the incident.

If the property or valuables cannot be secured at the location or with a responsible person at the scene, the member should request any on-site law enforcement officer to take the valuables for safekeeping. The member should document the disposition of such valuables, including the identity of any receiving individual, and obtain a receipt from the law enforcement officer and include it in the report of the call.

A member should take valuables into custody only in unusual cases and with the approval of a supervisor. The valuables should be inventoried and the inventory should list any obvious damage. A supervisor should witness the inventory.

Members should document in the incident report the disposition of any reasonably identifiable valuables. When applicable, notification to local law enforcement should be made.
