

UMCOR Layette Kit

Many women do not have swaddling clothes with which to welcome their child into the world. Layette kits provide basic supplies for their baby's needs. **All items must be new.** Do not wash any of the items as they will be considered used. It is not necessary for any of the material to be flame-retardant. Please remove all packaging. All emergency kits are carefully planned to make them usable in the greatest number of situations. Since strict rules often govern product entry into international countries, it is important that kits contain only the requested Items—nothing more.
DO NOT include any personal notes, money or additional material in the kits.
