

Become an Affiliate Member

For \$1500 per year, your organization can become a HARI Affiliate Member and receive benefits throughout the year reserved for HARI member hospitals!

The HARI's affiliate member program is part of an ongoing effort to build and strengthen alliances between hospitals in Rhode Island and the organizations that support their mission. Affiliate members receive recognition among HARI member hospitals, networking and exposure opportunities. In addition, you will receive industry insights to help you to leverage your work to meet the ever-changing needs of hospitals.

By working together toward a common cause, we can accomplish more than any one of us can do alone.

Together, we can create a strong collaboration with organizations like yours, working to ensure that each Rhode Islander has accessible, affordable and quality health care.
