## Thou shall not kill !

What does **1 GOD** mean? No individual, group, organization, government, law-enforcement, judiciary, military, have a right to kill a human! There are no exemptions! Only **1 GOD** decides who lives or dies! **1 GOD** will hold killers accountable\_ no forgiveness!

Which killings? All (impulse, ordered, planned, self defence,..)!  
Abortion, assassination, execution (capital punishment)!

All major religions advocate, condone, practice violence, killing. **1 GOD** is disappointed. **1 GOD** holds accountable (no forgiveness). Any cult or religion that accepts killing and doesn't stop it! Is Evil, anti **1 GOD**, a threat to the human species. They come to an end!

**1000's of years of Evil are coming to an End.**  
**BE GOOD PUNISH EVIL**

Who is guilty, accountable? A killer, person or persons that assisted, condoned, kept quiet, ordered, paid, planned, protected killer,.. They all receive the same rehabilitation (MS R) as the killer.

Organizations accountable are shunned, shamed, closed! Their leadership, owners are caged! Assets go to treasury!

Government accountable is shunned, shamed, replaced! Guilty politicians and their staff are caged! Loose their entitlements!

Entertainment (audio, cinema, digital, games, television, theater, video) containing violence, killing, is immoral, anti **1 GOD**, encourages real violence and killing, reduces compassion, makes violence and killing being normal, unacceptable. Violent entertainment ends! It is cancelled, deleted, erased, shredded.

Killers are held accountable by good people and **1 GOD**! Every killer is caged! Be good, punish Evil! Join us, become a custodian guardian.

For the Glory of **1 GOD** and the Good of Humankind !
