To help identify boats, we ask that you please list description below:

Length / Make / Color / HP./ Registration Number

One of our greatest treasures about Slacks is that it is not public, but private – its beauty, its grandeur, and its uniqueness is ours. All of us enjoy it; therefore all of us need to take responsibility for it. The boat sticker program does two great things; it raises money to support the lake and it helps lake front owners identify those “lake hoppers” whose boats may be transporting invasive exotic weeds – Eurasian Milfoil and Hydrilla into our lake. So get your stickers and display them on your boats with pride. When you see another Slacks sticker boat, go over and introduce yourself. Help keep Slacks private.
