

THE ORIGINAL CORN ROAST MACHINE **FOOD TRUCK OR TRAILER MODEL #288**

Compact design, high volume, low propane consumption – corn ready in 15-20 minutes!
Here's the lowdown on what we build and why we build it the way that we do.

Feature

Benefit

Compact Design

Propane Efficiency
Space Saving
Ease of Mobility

No Electricity Needed

Set Up Anywhere
No Extra Costs to Pay for Power

Stainless Steel Outer Walls

Professional Appearance
No Fading or Chipping Like Paint

3/16" Plate Steel Inner Walls

Excellent Heat Retention
Excellent Strength & Durability

Hinged & Bolted Front Door

Safety of Access

3 1/2" Insulation

Excellent Heat Retention

52,000 BTU Burner

Low Propane Consumption
Saves Money \$\$\$

Middle Burner Position

Maximum Heat Distribution

Propane Lojector

Efficient Propane Consumption

Pilot Lighting System

Safety

Bolt Down Steel Legs

Secure to Truck or Trailer Floor
