

NPYSA Soccer Club operates primarily from the registration fees collected from each player. However, in an attempt to keep soccer an affordable recreational activity for NPYSA youth participants, we also rely on sponsor donations to help minimize registration fees and to assist with funding major projects.

Our operating expenses include: player uniforms; equipment for games and practices (balls, cones, pines, goalie equipment, corner flags, goals, and nets); equipment and supplies for field maintenance (including line painting machines, paint, sandbags); referee fees; trophy and award celebrations, etc. Occasionally, major projects arise where additional funding is required.

In the past, we have equipped both NPYSA and Ricci School Soccer Complex fields with high quality, durable goals.
