

## CAV 100

### Dust Control System

- Three independent motors for flexible use of power
- 270 CFM
- Portable design for use inside or outside of job site
- "Bag-ready" dust container
- 26 gallon dust capacity
- Standard H.E.P.A. filtration
- Push button control
- Shaker type filter clean

The optional Longo Pac accessory increases productivity and minimizes the contamination of dust in the work area when removing each section of the bag. You can change bags on the fly without having to shut the vacuum down.

Because Pride Still Matters.
