President's Message

Presidents Message

Hello all, I hope everyone has enjoyed the mild winter. I am not sure why it did not lead to my getting more things accomplished, but it has been appreciated. Our holiday meeting was one of those things that did not happen. I apologize. Instead we will have a combination covered dish and Fly-in planning meeting 1pm on the March 26th. I will bring a ham if everyone will bring a dish. I hope you can join us in March at the Hap Arnold Building to catch up and help plan for our next event June 17th.

The fly in last year at Massey was a great success by all measures; the weather was beautiful, the set up was easy, attendance was good, the antiques were shining and there were no incidents where safety was ever in question. All in all, a good day for our first gathering after losing Horn Point. This year should be even better.

As we settle in, there are bound to be adjustments. This years dinner will be at the Granary Restaurant because the Kitty Knight House has closed. To get to the Granary, continue North on Rt. 213 over the Sassafras River and make the 1st left on George St. and follow to the restaurant. The GPS address is 100 George St, Earleville, MD 21930. The place to stay is the Holiday Inn & Suites in Chestertown like last year. We are in the process of shifting the web site to a new address; paasflyin.info This address is more appropriate now that we have moved. The old address will direct traffic to: paasflyin.info for the time being.

See you next month, Art

PAAS Members,

I have been asked by Art Kudner to (as he put it)
“write a little something” on our 2016 Fly-In at “Massey”

First, how we got where we are:

Horn Point - Had been our home for 44 years and was well known for its uniqueness and top notch antiques it attracted. But over the last few years, tree encroachment, runway maintenance was becoming a real problem. PAAS members worked on cutting back the vegetation and filling ruts but with our limited manpower it was a losing battle. Then came the rumor that the owner (U of MD) was possibly closing the runways. After much discussion PAAS membership determined we needed to move our beloved antique Fly-in. The group wanted the same ambience (or as close as possible) as Horn Point. Turf runway(s), laid back old time air strip feel, etc... But where to go? Answer – “Massey Aerodrome” (MDI) a grass strip on Maryland’s eastern shore was the answer to our prayers. Next question, would the owners want us? The answer was an enthusiastic YES. John, Nick, Rusty, Bill, Robert and Don could not have been more welcoming and helpful. After meetings with them last winter, all was set. A NEW Fly-in location and a NEW fly-in date – June 11, 2016

“2016 P.A.A.S. Antique Fly-in at Massey Aerodrome”

Friday – Set up compared to Horn Point was a snap. Runway markings, cones, etc. already in place. (No trees to cut, miles of string to run, etc.) The local fire dept. set up their food service next to the main hangar, porta-johns were delivered as well as our golf carts. Thanks to the Kentmoor group for the use (again) of their tent and also to the volunteers who helped put it up as well as setting up the rest of the field.

Friday night – Our group dinner was at the “Kitty Night House” a new venue as well. The restaurant overlooks the harbor in Georgetown and sunset was beautiful. Our group basically had one large table set up for all to sit and wander about. As usual a lot of eating, drinking, getting reacquainted and true (?) aviation story telling. Good service, good location and good food.

Saturday – The appeal and charm of Horn Point to antique aviators followed the P.A.A.S. to “Massey”. With weather predictions of afternoon thunderstorms (there never were any) and a mild cross wind we still had 76 aircraft show up for our first event at “Massey”. Many were first time participants, a good number of them from South Jersey and SE Pennsylvania. The layout of parking areas with the directions from our volunteers made aircraft arrivals and departures UNEVENTFUL. And that is a good thing!! Pictures and judging results are elsewhere in this newsletter.

Now to our volunteers, WOW, WHAT A CREW! This event would not happen without YOU. Due to your hard work - we held a safe Fly-in - at a new location - without a hitch. Flagging, parking, plane greeting, judging, registration, crowd control, set-up and teardown – I can’t thank you by name, but thank you all!

With that said, ALL of you are expected/required to be back for our Fly-in this year 6/17/2017. Be rested, be ready.

Mike Strieter
P.A.A.S. Fly-in Director

ed - It seems a little late to be getting the 2016 Fly-In report out, but this is the first newsletter to be released since then.

Potomac Antique Aero Squadron Fly-In:

Yeah, most of us can't stop calling it by the "H" place, but the move to Massey was an instant success. Not only was the set-up easier, 77 planes arrived, on a weekend where two other fly-ins, including one specifically for antiques, were being held. In addition to conducive weather and some very nice plane turnout, the really noticeable difference was in the increased participation by the general public. Here's hoping it just gets even better next year.
