A Culture of Death Remains...

This past week the Senate had the opportunity to pass the Pain Capable Act, which would have prohibited the abortion of a baby in the womb after 20 weeks. By 20 weeks of maturity, the baby has developed pain receptors and is able to feel the pain of being ripped apart during the abortion. You would think that any decent human being would support the Pain Capable Act. But the Act was not passed because the Democrats filibustered, and the 60-vote threshold was not reached.

One particularly appalling part of the Pain Capable Act not being passed was that 14 "so called" Catholic Democrats would not support it. If every Catholic in Congress would vote according to the doctrine of their faith we could have already defunded Planned Parenthood and through the Pain Capable Act could have saved over 18,000 lives per year from being aborted! I hope Catholics in Congress will "see the light" of living out their faith or otherwise I have to wonder how they will fare in their Judgment before the Lord. Perhaps, it may be like what Matthew 25: 45-46 states: "... Amen, I say to you, what you did not do for these least ones, you did not do for me. And these will go off to eternal punishment, but the righteous to eternal life."

Since 1973, the abortion industry had done it's very "best" to make the huge pile of cow dung that is abortion look like a beautiful snowflake. Unfortunately, many people in our country believe abortion is a beautiful snowflake that protects "reproductive rights" and respects a woman's "right to choose." This is what the devil tries to do all the time- make the ugly and sinful look beautiful and virtuous.

The March for Life that takes place every year is barely covered by the main stream media and that is a shame. Because it shows in a theological and political way that human life is sacred and needs to be protected. It states in Isaiah 49: 15: "Can a mother forget her infant, be without tenderness for the child of her womb? Even should she forget, I will never forget you." Our Constitution states: "We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are **life**, liberty and pursuit of happiness."

We need to pray that all mothers will not forget their infants and that judges will not forget the truth of the right to life. We need to pray that abortion workers will realize the evil of abortion and leave their profession. We need to pray for those that have had abortions and for those who are thinking about an abortion. We need to pray that those in government can respect the sanctity of human life when establishing laws. We need to pray that our country can shift from a Culture of Death to a true and virtuous Culture of Life!

Thanks, and God Bless!!!

Fr. Chris
